INTRODUCTION

WARNING: This Is Not Just A Book, It Is A Recruitment Into The Last-Day Army Of Sound!

Before time began, before the first atom was formed, before light pierced the void, there was sound. A voice. A frequency. A decree that shattered the silence and summoned all things into existence. This is the secret behind all civilizations. Every kingdom that has ever risen, every empire that has ruled, every spiritual force that has shaped the destiny of mankind, they all moved on the sound wave.

I stand bold to tell you that sound is not just vibration? Sound is a realm, a dimension, a portal? The final battle of the last days will be a war of frequencies between the voices of heaven and the echoes of darkness?

THIS IS NOT ANOTHER BOOK, rather it is an election, a divine conscription into the last-day army of sound. You have been called. Chosen. Marked. You are standing at the threshold of the greatest awakening in human history, where a new breed of warriors are

rising, not with swords of steel, but with voices of fire,
voices of ascension, voices of dimensions.

In the days of old, trumpets signaled war. In Jericho,
sound brought down walls. At Pentecost, sound
birthed the church. Now, a new sound is emerging, the
sound of the remnant, the roar of the last-day army.

CAN YOU HEAR IT?

Heaven is summoning its heralds. The Spirit is searching
for those who will not just read, but respond, those who
will not just learn, but rise.

This is your moment. This is your election. This is your call
to arms. Step with courage into the realms of sound.
Master the frequencies and codes of the Spirit.

THE FINAL WAR HAS BEGUN.

WHERE WILL YOUR SOUND BE HEARD?

In His Sacred Vineyard,

CHAPTER ONE

THE MYSTERIOUS CREATION OF MAN

When God created the human body, He made the human body from a realm. Every living entity came from a realm. Far more than creatures are the elements, the source, the realms that God manufactured that creature from. So every creature came from something and that thing came from something and that something is God. Remember God created the water before the fish. The fish came from the water, God made the firmament before He made the rulers in the firmaments. God made the earth before He formed man from the dust of the ground. You must understand that every creature came from a certain element. Through and from the realms of dust came the human body. Dust is not what you think it is, dust is not just the mist that you see out there, the word dust is that aspect of the ground that is so invisible. Man's body came from

the realms of dust, fishes came from the realms of the water, fowls of the air came from the realms of the water, the firmament came out of the water. Cows, serpents, scorpions and everything that creeps upon the earth came from the earth.

Study the book of Genesis, God commanded the earth to bring forth creatures, God commanded the waters to bring forth fishes and the fowls of the air, so prior to any creature being created by God was the habitation, the realms of these creatures. Consequently we can deduce that far beyond creatures, are the invisible realms that they came from. The fish of the sea rule in the sea, the fowl of the air rule in the air, the dust of the field rule in the land.

The soul rules in the realms of the soul and the spirit of man rules in the realms of the spirit. Now, only human creatures have three dimensions in one. We are of the dust of the ground, so we can king over creatures that are in the land. We are of the soul which are blood, fluids and water. We

are the king and rulers of creatures and realms as spirits, therefore we rule in the air, we rule in the spirit realms. With these three components that constitute humans, we have access to diverse realms of the spirit.

In other words, the spirit realms must be understood with and by the spirit of man. With our spirit we can commune with invisible creatures. We are able to see and talk to spirits. The reason we say they are invisible realms is because when we return to this natural consciousness in chronos , the invisible realms or the spirit realms become invisible so the spirit realms are invisible to the natural man.

In the consciousness of the natural man, we are only able to behold the natural world. With the soul, we teleport into the soulish realms, with your soul you can enter the water, you can interact with creatures in the water and with your spirit you can enter the realms of light.

You can enter different spirit realms to establish and have influence over what must materialize here in the physical world.

Having that in mind it becomes important that the soul requires relational intelligence of interaction between the soul and the spirit. The soul is such an important aspect of humans that must be intentionally developed to a point where it is capable of trafficking the visible realm and the invisible realm. That's why the soul is an offspring of two dimensions. God formed man from the dust of the ground, so elements from the realm of dust were used to form the human body, and God breathed elements from His breath into man. The Bible calls it the breath of life, so the very breath that God transfused into the man He formed from the dust of the ground came from God. It didn't come from outside God, it came from the belly of God. So when God brought the breath of life from his belly into the man He formed, the soul emerged. Therefore the soul is a combination, 50% of the spirit realms and 50% of

the physical realms. The human soul can tabernacle in a physical body, this same human soul can teleport and tabernacle in a spiritual body. The human soul is so dual, so powerful that it can operate in diverse realms. Satan is not after your spirit, Satan is not even after your body, Satan is after your soul. He knows the strength, the capacity, the kingly abilities, the position that your soul holds and that's why the bible says

*"For what shall it profit a man, if he shall gain the whole world, and lose his own soul?" **Mark 8:36***

*"The soul that sinneth, it shall die. **Ezekiel 18:20***

Notice, not the spirit, you can have a spirit and lose your soul, when you lose your soul, you have lost your independent individuality. Your soul is so important, the moment the soul is redeemed and it joins forces with the spirit and the body, then it sits on the throne of these two dimensions, here comes the manifestation of the sons of God. They will rule in different realms, in different dimensions and communicate great victory.

When man fell, he fell in the realm of his soul, when he was defeated, he was defeated as a soul. God is about to restore the human soul back to his authority again in Christ, By the time we return as souls, we can manifest in a natural body, we can manifest in a spiritual body, we can manifest in physical realms, we can manifest in spiritual realms, we can manifest in mental realms, we can manifest in different dimensions. This is because the soul is a product of an intercourse between the breath from the belly of God into the formed man from the dust of the ground. The reason why realms are stronger than creatures is because every creature came from a realm, every realm has creatures made from it. Some angels were made from precious stones, some angels were made from light, some were made from different elements, some angels were made from fire the Bible says

*"Who maketh his angels spirits; his ministers a flame of fire." **Hebrews 1:7***

The greatest act and disposition of every believer is to turn into fire, so that your incorruptibility can be activated. Fire is what activates your incorruptibility. Fire is what activates your access to every realm of the spirit, the physical, mental and spiritual. Even beneath the earth, any creature that does not have the intelligence of the realm where it came from will definitely die. If you don't understand the realms that you're in, if you don't understand the realm of the body, if you don't understand the realms of the spirit, and if you don't understand the realm of your mental state, you will leave your estate. You will break the laws of those realms and each law you break in the realms will turn against you.

Understand that the Bible speaks of the law of the spirit of life, the law of the mind, the law of the flesh, the law of death, the law of carnality. So all realms are controlled by laws. It is intelligent to realize and recognise the laws of your three fold existence, so you can have the upper hand, so you can reign, rule and secure your eternity. That

is why it's important not to live by sentiments but to live by principles. The intelligence of realms will preserve you.

"Wisdom is the principal thing; therefore get wisdom: and with all thy getting get understanding."

Proverbs 4:7

*"Discretion shall preserve thee, understanding shall keep thee." **Proverbs 2:11***

Wisdom, understanding, discretion and knowledge, all of these chambers of the spirit of God are all within the jurisdiction of intelligence. A man of foolish thinking will always be at the mercy of some difficult circumstances. Through the spirit of wisdom, we navigate the course of realms and dimensions that are beyond here.

*"And the angels which kept not their first estate, but left their own habitation, he hath reserved in everlasting chains under darkness unto the judgment of the great day." **Jude 1:6***

In other words, angels were supposed to remain in their estate of creation, they were not

supposed to leave the estate. When they departed from the dimensions from which God created them, they sinned, hence, they were held in chains, judged by God.

You can see here that the estate of an angel is more important than the creature. When the creature breaks the laws of his realms, he dies, he comes under judgment.

We must understand that we have a trifold nature - dust, soul and spirit. It means that if you want to live spiritually strong and active, you must understand the law of your spiritual estate. If you want to live mentally healthy, mentally strong, you must understand the law of your mental health. If you want to live bodily healthy, take care of what you feed your body.

If you observe spiritual laws, your spirit will blossom, your spirit will do so well that the benefits will be Immeasurable. If you live so well in the spirit but you break the laws in the physical, the physical body will turn against you, because you don't understand the law of the human dust. God

gave us laws in the realms through which your body was created from.

God gave us the law of the mental state, He says do not allow anger to enter the next day. What does that mean, these are the toxins that can destroy your mental health, it says do not hold grudges, do not keep bitterness, for this can create hormones that will cause cancerous cells in your body. He says do not eat what I did not create, if it's not in nature, if it's not by nature, if it's not found in nature don't eat it. Ninety five percent of the times you eat what God did not create, when you eat what God did not create you've gone against the law of the physical realms. You're wondering, I am so anointed, so full of the Holy Ghost, yet I'm dying of disease, yes, you are full of the Holy Ghost because you paid the price for spiritual infilling. Your spirit can be so filled, yet your body is in sickness and torment. It is important to understand that realms are stronger than creatures. Every creature must understand the law of the spirit that controls its tripartite

nature. To sustain the human spirit requires that we begin to upgrade our spirits and understand the source through which the human spirit was created. The source through which the human spirit came from. Now spirits in the heavens were created by God from precious stones like ruby, some were made from gold, some were made from stones, some were made from light. Angels were made from different kinds of precious stones, but when it came to the human spirit, the regenerated human spirit was made from the image of God, that image was from God himself. God transferred His spirit, His breath into man, so the human regenerated spirit came from the image of God, the very breath of God.

"But there is a spirit in man: and the inspiration of the Almighty giveth them understanding." Job 32:8

The inspiration of the Almighty is the breath of God that inspires him. The breath of God gives him inspiration. The Holy Spirit will continue to breathe in you the breath of the Lord, inspires your spirit, sustains your spirit. In other words the

law that sustains your spirit is the law of fellowship. In the bosom of Christ, there is a deep place for connectivity. No born again believer can ever survive life if you do not have a deep connection with the Holy Spirit. If you don't know how to commune with the Holy Spirit, begin with the breath of God within you.

Remember, your spirit came into being by the breath of God. The breath of God is the Holy Spirit, if you don't have continued communion with the Holy Spirit, your spirit will be deprived, your spirit will be dead, no realms, no other source of strength could ever rejuvenate your spirit that is not inspired by the Holy Spirit.

No angel can service your spirit without the Holy Ghost, no strings can service your spirit without the breath of God. Fishes live in the water and they have their life in the water. Take a fish out of the water, it cannot survive. Take man out of the breath of the Holy Spirit, his Spirit dies. It doesn't matter what your titles are, the Holy Ghost must become so active in your life. We depend on the

breath of the spirit to live, we cannot survive without the Holy Ghost, your spirit cannot come to life without the Holy Ghost.

Now here is the point, when your spirit comes in continuous union, fellowship with the Holy Ghost, you become a ruler of all the spiritual realms. When the Holy Spirit releases you, you become a spirit of spirits because the greatest spirit is found in the innermost of the Holy Ghost, the innermost of God. In the depths of the river of the spirit, out of that belly came the breath of the Almighty that came into a man, and man became a living soul.

Access to different realms is a subject that everybody must understand through the law of deep fellowship with the Holy Spirit.

Now when the Holy Spirit chooses to work on a man, when the Holy Spirit chooses to announce a man, what does He do? The Spirit of God will begin to take you through different levels of purging, different levels of dedication and

yieldedness in order for you to give up your idols. Nothing in this world would ever be allowed by the Holy Spirit to take the place of the Almighty God.

The first thing He is going to do is to destroy all of your wishes, all of your expectations and bring them under the authority of the will of God. Once that happens, He would then declare you as a spirit over spirits. **The ministry of the sons of God is to actually represent the image of God to all the visible and invisible creatures.** That is why Jesus says rejoice not because spirits are subject to you. Spirits are subject to us because we are the image bearers of God. Until we realize the importance of exalting the throne, the will and the person of God above every other thing, we will be unable to reclaim and recover our position.

The greatest desire a man should have is to worship God, the greatest desire of a man is to serve the interest of God. In fact the riches of a man, the wealth of a man, the greatest vision

and dream of a man should be to serve God. Once there is genuine worship and service unto God, you know what you become? You become a ruler over everything that you can ever desire in your dreams, in your expectations, everything will be given to you. Do you know why? It is because you are a king. From the beginning, you've been made in the image of God, so the only thing you should desire is God. Outside God, you have broken the policy of your creation. Being rich in God, being rich in the knowledge of God, being rich in the fullness of God is the way to remain faithful and not break the policy of your creation.

CHAPTER TWO

TWO POWERFUL REALMS SEEK TO CONTROL YOU

The realms of the spirit and the realms of flesh hosts billions of invisible creatures. There are creatures of flesh and creatures of the spirit and all of these creatures are spirits.

There are realms of light and realms of darkness. Within the chambers or districts in the realms of darkness, you have the realm of carnality, the realm of death, the realm of unbelief.

If you look at the seven spirits of God, you will see that there are also seven adversary opposing spirits to the seven spirits of God. Satan is a duplicator, he is an imitator. So if there are seven districts of the seven spirits of God, also there are seven districts of adversaries toward the exact seven spirits of God. For instance, you must understand the difference between the spirit of wisdom and the spirit of unbelief.

"The fool hath said in his heart, There is no God. They are corrupt, they have done abominable works, there is none that doeth good." Psalm 14:1

What then is wisdom? The first act of wisdom is the fear of God. When a man has the fear of God, that man has received wisdom. The first reception of wisdom is when you believe in God. I am not talking about the God of all religions. I am referring to the God of our Lord Jesus Christ, the Father of glory, I am talking about Jesus the Christ, the Son of the Living God. Jesus Is our God.

The fear of the LORD is the beginning of wisdom: and the knowledge of the holy is understanding." Proverbs 9:10

If you don't believe in God and you have no fear of God, the Word says you are a fool. So the opposing adversary of the spirit of wisdom is the spirit of unbelief.

There is a realm called the realm of unbelief and there are invisible creatures, demonic creatures that have been sent across the entire universe to

cause billions of humans not to believe in God, not to believe in Christ.

Now you hear all kinds of people who say I am an atheist, I don't believe in God. Some will hypocritically say I am spiritual but I don't believe in God, I don't believe in Jesus, I believe in the universe. This is the work of a spirit, a spirit is at work here. It is the spirit that opposes the spirit of wisdom. That spirit is called the spirit of unbelief and in the physical this spirit manifests as foolishness in people. A fool says in his heart there is no God. The question is who influenced that belief? Who influenced that understanding, that belief that there is no God? It is the spirit of unbelief.

*"But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death." **Revelation 21:8***

This is why as sons of God we will stand up in the warfare and enter the realm of unbelief, arrest these billions of demons and release the hearts of men to believe again in God and in Christ. To believe that Jesus Christ is the son of the living God.

For their minds have been blinded by the God of this age, leaving them in unbelief. Their blindness keeps them from seeing the dayspring light of the gospel of the glory of Christ, who is the divine image of God. 2 Corinthians 4: 4
TPT

There are powerful realms that want to control your visibility, there are powerful realms that want to control your urges, there are powerful realms that want to influence your choices, there are powerful realms that want to influence your decisions, your conduct because actions determines future. Action is disposition, be it mental disposition, emotional action, physical action, sometimes it's not just about the physical, you can say yes but in your heart, you're saying

no. There are various dispositions, some could be mental, some could be emotional, some could be spiritual and some could be physical. All actions, all dispositions, all positions be it in the mental realms, physical realms, emotional realms, intellectual realms, financial realms or whatever position that you hold are all influenced by invisible creatures and they are all influenced by invisible realms.

You must understand the importance of realizing that your urge can be manipulated, your emotions can be manipulated, your will, your power of choice can be manipulated by the thoughts that go through your mind, by the things that you see, by the things that you've heard. No matter what you hear, no matter what you feel, if it's something that you assumed from somebody else, be bold enough to ask that person, investigate because you could be wrong, you could be making decisions that never should have been because your pride didn't allow you to step up to say sir this is what I am thinking, is it

true? Ma, this is what I'm going through, did you say this? Is this what you said? Satan from the realm of the spirit can twist an impression, Satan can so influence an impression in your thoughts and create such a false reality that you begin to anchor your energies, your emotions on something that never existed, then you begin to take permanent decisions based on something that is not factual.

Now the reason I said it's not factual is because you have not subjected that situation under the law of fairness. You don't actually need two ears to hear, you don't actually need two eyes to see, you don't even need two holes on your nose to inhale and exhale oxygen and carbon dioxide respectively. I tell you, you don't need all these two things within your sensory organs. The reason you have two ears is because you must hear from the other side. If you have not heard from the other side and you make decisions you will decide your future based on assumptions. God does not decide the future, you decide the

future. God provides the elements, God provides the articles, God provides the wisdom, God provides the precious materials, that is His word, His wisdom, His instructions. You are the one that takes those instructions, those precious stones to build your house. The building of your future is in your hand, the building of your life is in your choices. If you allow a narrow line of thoughts to influence your choices, then you will build a definite defeated failed future. However, if you're someone that has wisdom, that has understanding, and employs the spirit of counsel, you will win.

*"Where no counsel is, the people fall: but in the multitude of counsellors there is safety." **Proverbs 11:14***

*"A wise man will hear, and will increase learning; and a man of understanding shall attain unto wise counsels." **Proverbs 1:5***

In other words when you hear from one side, try to hear from the other side, when you see with one eye, try to see with the other side. That's the law of fairness. Until this principle is enforced in

your decision making, you will make decisions foolishly and face a future that God didn't intend for you.

Things don't just happen, things are orchestrated, things are built, never forget this. Spirits influence us. If you are humble before the Lord and you follow the instructions of the Holy Spirit, your victory in the realms of the spirit will be so advanced, so impeccable, so fruitful that people around you will wonder. They will say who is this guy, everything he touches prospers. Why is it that when others are failing, he is succeeding? You know why, he is connected to higher frequencies, he is connected to another realm. He does things differently. Average people behave the same, the above average behave the same, the rich think the same way, the poor think the same way. Jesus did not come to make the poor rich. The poor make poor decisions, the rich make rich decisions. You don't see much sentiment around the rich, because the rich

magnifies principles. The rich understand that the realms of the spirit control the natural. In the realms of the spirit you have principles, you have laws. There is a law for the economy, there is a law that should control your sexual urges, if you don't abide by the law of sexual urge, you will contract disease, you will impregnate women, you will have children out of wedlock, or you will commit abortions, you will kill, your hand will be soiled with blood. You may think you're intelligent because you killed many children and you say I didn't have any child out of wedlock, but you have souls waiting for you in the spirit realm.

Each action decides the outcome of your future. The realms of the spirit holds maximum influence on humanity, so if you don't watch your decisions, your actions, your mental state of living, you will make poor decisions that will bring about disastrous devastating consequences over the future.

I PRAY FOR YOU

In the name of Jesus Christ , you shall make wise decisions, you will consult the spirit of counsel and you shall defeat your pride.

You are not your mistakes, but you become your mistakes if your mistakes make you keep living in your pride. You must understand that you become what you act on. You become what you live in, when you begin to act in a certain way, over time that action turns into a habit. Once that action becomes a habit, trust me it becomes a stronghold that might take a lifetime to cast down. God said do not eat the tree because if you eat the tree, you will walk into another consciousness that might take a form of death to come out of.

Consciousness is access into various realms in the spirit. Conduct, actions, habits can unlock spiritual realms. Actions and habits can unlock spiritual entities. Every action belongs to a spirit. If you walk wisely you are manifesting the spirit of wisdom, if you live according to the harmonies of

knowledge you are manifesting the spirit of knowledge. If you are motivated and focused and you follow routines and you avoid foolish distractions from the average, then you are walking with the spirit and manifesting the spirit of might. The opposite of the spirit of might is mental discouragement, mental breakdown, mental demotivation. All these activities will cause you to not believe in yourself. You start having crisis in your self-esteem, you start breaking down emotionally, you start breaking down mentally. A king becomes a servant, a king that has capacity through the spirit of might that should have stood and broken through that demotivation, now succumbs to demotivation, succumbs to weakness of mind, succumbs to sexual weaknesses, succumbs to oppressions and lies and manipulations. The time has come, you must join forces, you must marry the spirit of might so that you can be raised above every destruction, demotivation, that you might rise above every procrastination. This spirit wants to destroy your

hope, this spirits want to destroy your faith, the spirits wants to destroy your motivation. I pray for you that your connection with the seven spirits of God is hereby advanced.

THE REALM OF SOUND

From the very beginning of time, sound has been a powerful force in shaping existence. The Bible begins with God speaking the universe into being, demonstrating the profound authority and potency embedded in sound.

Sound, in its most basic scientific definition, is a vibration that travels through a medium such as air, water, or solids, producing an auditory sensation when it reaches the human ear. Spiritually, sound transcends its physical nature. It becomes a carrier of authority, power, and intention. When God spoke, His words carried divine energy that not only created but also sustained all things.

"Through faith, we understand that the worlds were framed

*by the word of God, so that things which are seen were not made of things which do appear." **Hebrews 11:3***

God said to me that the hour of manifestation has begun. The hour to tangibly experience the promises of the scripture is now. It begins with preaching and believing in it. The time has come that God says, *"I will bring the manifestation to your tangible experience."* So, the hour for His glory to come upon your body and revive every aspect of your life is now.

God says when this reality will manifest, the brain cells will react. The brain cells will react and come into alignment with the glory of the Lord. The brain cells and aspects of the human neurons will activate into other dimensions. As human as you are right now, God built you for realms. God built you for multi-access to nations of the spirit realms. God wants to give you multi-access. You're designed to be multidimensional.

In other words, God made your body with the ability to be teleported by the Spirit. Your body

can be teleported. Your body can be enveloped with the glory of God and come under the ability of that glory. You must understand that you shouldn't lose your body. Your spirit, your soul, and body can be preserved under the authority of Christ. It's a possibility. You should meditate on these thoughts until it sinks into the core of your being.

We saw in the book of Acts, how Philip was teleported by the Holy Ghost after he baptized the Ethiopian eunuch. The Bible says that he was immediately transported by the angel.

"And when they were come up out of the water, the Spirit of the Lord caught away Philip, that the eunuch saw him no more: and he went on his way rejoicing. But Philip was found at Azotus: and passing through he preached in all the cities, till he came to Caesarea." Acts 8:39-40

So that means we, in this natural body, are not that very natural. The only thing natural in us is the flesh. The flesh is what has limited our ability to ascend and teleport into multidimensions. So, through the ministry of the Holy Spirit, we can

mortify our members completely, kill the flesh and ascend into the realms of God.

I tell you something, ministry is not preaching to people. God told me to tell you that the Ministry is manifesting the glory of God. The ministry of these last days is the manifestation of the glory of God, the manifestation of the power of God, and the visibility of the things of the spirit.

Jesus said to me, *"The hour for the body of Christ to appear is now."*

"Beloved, now are we the sons of God, and it doth not yet appear what we shall be: but we know that, when he shall appear, we shall be like him; for we shall see him as he is."

1 John 3:2

What does that mean? God is simply saying that a time is coming, and that time is now, that the Holy Spirit is going to unlock and open the eyes of your spirit. Every element of nature (light, sky, land, and life), was brought into existence by His spoken word. This sets a precedence that sound,

when charged with divine authority, has the power to command existence.

If your spiritual eyes have not been opened, you only see with your physical sight. Consequently, you are unable to determine and access the invisible realms of God. The hour has come, that through the appearance of our Lord Jesus Christ, all fervent saints will begin to see in the realms. Worthy of note, before you can see, you will begin first to sense the sound of the spirit. You will begin to have the vibrations of the spirit. It comes first with sound. There's a sound that will connect with your heart.

Man carries sound. Sometimes we think that sound is one external factor that we hear from outside. No, man is a creature of sound, and there is a constant sound that beats in his heart. Do you know that your heart has a beat? That's the sound in us. Sound connects to sound. The sound of the spirit connects to the sound of your

heart. The external sounds connect to your sound.

Similarly man carries colors. The color of your blood is red. Inside you, are different colors, internal colors. You are full of colors on the inside. You are a constitution of color, sound, and air (spirit). Jesus transferred air into them.

*"And when he had said this, he breathed on them, and saith unto them, Receive ye the Holy Ghost." **John 20:22***

These are frequencies through which the spirit can permeate a man. The Holy Ghost can move through colors, visuals, and sounds.

The Bible typifies the Holy Ghost like wind.

*"The wind bloweth where it listeth, and thou hearest the sound thereof, but canst not tell whence it cometh, and whither it goeth: so is every one that is born of the Spirit." **John 3:8***

He inhabits the air. He breathes on air. Through the air, the frequencies of the spirit are made clear. The Holy Ghost can move through the air

and get into any situation. Somebody can play a sound and manifest deliverance, the Bible says the evil spirit that tormented Saul was calmed when David played.

"And it came to pass, when the evil spirit from God was upon Saul, that David took an harp, and played with his hand: so Saul was refreshed, and was well, and the evil spirit departed from him." 1 Samuel 16:23

The glory of God moved through the sound and went into Saul's ears. The evil spirit subsided, and the king regained his consciousness.

There are mediums through which the spirit can permeate a man: sound, light, wind and visualization. That is why we must be careful what we watch and listen to. What we expose ourselves to influences us. I pray in the name of Jesus Christ that nothing infiltrates your five senses.

SOUND CONDITIONS ATMOSPHERES

"As soon as Jesus heard the word that was spoken, he saith unto the ruler of the synagogue, Be not afraid, only believe.

And he suffered no man to follow him, save Peter, and James, and John the brother of James." Mark 5:36-37

Someone may ask or get offended, "Why? Why? He should have carried everyone along, I worked hard, I stood by him. Why Peter, why James and John? We are not in tune with the Spirit, that's the reason for such questions. Take note that the Spirit does not consult your acceptance, your feelings, or your mind. We have not become slaves of Jesus yet. There are some folks, when God raises a child through them, it will become the beginning of pride in their life and eventual downfall.

That was why Jesus picked few men for this task,

"And he cometh to the house of the ruler of the synagogue, and seeth the tumult, and them that wept and wailed greatly. And when he was come in, he saith unto them, Why make ye this ado, and weep? The damsel is not dead, but sleepeth." Mark 5:38-39

Why did He release those words? That statement was not for the hearing of the people. That

statement was the key, the fire, the power that would have to deprogram the atmosphere that Jesus had already stepped into. So Jesus was dealing with a strong atmosphere that had the capacity to resist the flow of the supernatural. Some wonder, why did Jesus always choose Peter, James and John? Who saw Jesus on the mount of transfiguration? Peter, James and John. Three of them were always present at crucial moments. This was applicable because of their hearts. Our hearts can cause God to choose us. Not because you're better than others, not because Peter is better, but because of his heart.

When Jesus saw the atmosphere, He made a statement, and of course the statement got into the people there, they started to laugh at Jesus, thinking that Jesus was speaking to them. Then Jesus, knowing the power of atmospheres, the very power that kept Peter from drowning, rather he walked on the water. He did something to alter the already polluted atmosphere. Remember when Peter sank, does it mean that

God's power is not potent enough to keep Peter from sinking into the water? It means that he bridged a principle, he broke a law. The spiritual frequency that Christ had developed or invoked that was in that particular radar, that kept Jesus on the water, Peter tapped into that frequency by faith. And as long as his gaze was on Jesus, he walked on the water. But by the time he took his face, his eyes off Jesus, and began to look beside the troubled water, then his senses crept in, his mind crept in, his intellectual mind, his intelligence, the knowledge that he gained from nature, from his five senses as a fisherman. His mind was telling him Peter, Peter, Peter, no man walks on the water, you're going to sink and die. So he engaged his human senses. And the moment that happened, he bridged that dimension of the spirit and he began to sink. So when Jesus walked in, he saw that the atmosphere was covered by gross darkness.

Remember, there's a prophecy in the book of Isaiah that in the last days, darkness shall cover the earth.

"For, behold, the darkness shall cover the earth, and gross darkness the people: but the Lord shall arise upon thee, and his glory shall be seen upon thee." Isaiah 60:2

This is speaking of atmospheres and gross darkness over people. So when Jesus came in, the first thing He did was to discern the atmosphere. So He made a statement to disable death. He said, this child is not dead. She is asleep. You may say, okay, that's not true. How can you prove it? The Bible says in the mouth of two or three witnesses, a doctrine is established or truth is established. Let's look at the case of Lazarus, when he heard that Lazarus was dead. He said this sickness is not unto death but Lazarus died. When he came, he said Lazarus was asleep. He told Peter and his disciples that Lazarus is asleep.

"These things said he: and after that he saith unto them, Our friend Lazarus sleepeth; but I go, that I may awake him

out of sleep. Then said his disciples, Lord, if he sleep, he shall do well. Howbeit Jesus spake of his death: but they thought that he had spoken of taking of rest in sleep. Then said Jesus unto them plainly, Lazarus is dead." **John 11:11-14**

And Peter said, Lord, if he is sleeping, why do we go to wake him up? Then he used the human language because already the first word had established the reality, then Christ said, Lazarus is dead. In other words, let me tell you in your own language. But, what stood was the first word that he said. Anytime you hear anything negative, the first word is what stands. Please, take charge of the first sound, the first response that comes from your mouth. If we get it right from the genesis, then we will determine the end. If you get it right in genesis, you will have a blissful revelation.

When Jesus heard the negative word, he said, for the child is not dead, but she is asleep, then he cleared the atmosphere. Jesus knew that the strongholds of the mind can create a hindrance in the atmosphere. Everyone in that room had

perceived and believed that the child was dead. When He came in, He said unto them, weep not, the damsel is not dead but sleeps and they laughed at him to scorn but He drove them away.

Does that sound friendly or hospitable? That's rude. Today, some will say that the Pastor is very rude. He's very hot tempered. That's exactly Jesus for you. Take note of the phrase, 'put them out'. He didn't ask them out. It means that the writer saw that Christ was very upset. The manner by which He did it, that's why he used the phrase, "put them out". The word is akin to casting out demons. There are humans that are so immersed in a resisting atmosphere. You don't know why I react most times, it is because I am dealing with a demon. The sound people release can trigger possibilities or pollute an atmosphere, thereby making it difficult for the supernatural to flow. That's why Jesus put them all out because He knew that if he prayed in that atmosphere with those people, that child wasn't going to come

back. They would have hindered the traveling of that child into the body. The body travel would have to be transported with the right sound.

In the realm of sound, both the external and internal environment of a person play a critical role in the manifestation of God's power and intentions. Sound is not just a physical phenomenon, it is deeply spiritual, carrying weight in the realms of the seen and the unseen. Sound can either invite or block the presence of God and the flow of miracles. The frequency we tune into directly influences the outcome of God's intervention in our lives.

*"Why make ye this ado, and weep? the damsel is not dead, but sleepeth." And "they laughed him to scorn." **Mark 5:39-40***

The mockery of the people was not just a verbal expression of doubt or disbelief, it was a sound. This sound, filled with mockery and unbelief, was a barrier to the unlocking of the miraculous from the realm. Their laughter signified the tangible

presence of the impossible realm, the realm of death and negativity in the atmosphere. As the sound of mockery filled the air, it created an atmosphere contrary to the realm of faith and glorification that Jesus was trying to establish.

What's powerful about this story is that Jesus didn't allow this negative sound to continue in His presence. Learn a very big lesson from this. Apply it in your marriage, health, career. He drove them out. The sound of mockery, skepticism, and disbelief can hinder the atmosphere against the move of the Holy Spirit. Jesus knew that in order to raise the girl from the dead, He had to cleanse the atmosphere of any unbelief that could block the miraculous. He understood that the sound of faith was the only sound that could bring about the manifestation of God's power. The miraculous requires an atmosphere of faith, and where there is doubt and mockery, the miraculous cannot be received or manifested.

"And when he had put them all out, he taketh the father and the mother of the damsel, and them that were with him, and entereth in where the damsel was lying." Mark 5:40

Jesus "put them all out". You need to lay hold on this spiritual law, the law of putting them all out. He intentionally removed the mockers and those who could not believe. The mocking sound had to be silenced for the realm of faith and miracles to emerge. By driving out those who mocked, He set the stage for the sound of life, the sound of God's power to raise the dead.

In the same way, when we are contending for a miracle or breakthrough, we must be cautious about the sounds we allow to permeate our lives. The sound of faith, worship, and expectation creates an environment conducive to the supernatural. However, the sounds of doubt, fear, and mockery can be like a spiritual barricade that prevents the movement of God.

The Power of Sound does the following

1. Sound Creates Atmospheres
2. Sound Imparts understanding
3. Sound aids discernment
4. Sound creates portals linking realms
5. Sound expels distractions

How To Apply the law of Sound in our daily lives

- **Silence the Mockers:** In your life, there will be people who mock, doubt, or speak negatively about your faith, your dreams, or the promises God has given you. You must learn to drive them out. Protect your heart from the noise of mockery, don't feed your spirit with junk from social media. Surround yourself with voices that build faith and align with God's promises and ordination for your life.
- **Create an Atmosphere of Faith:** Just as Jesus brought only those who believed into the room, create an environment that nurtures your reality as the full son of God. This could mean gathering with like-minded believers, listening to anointed worship, or speaking God's Word over

your situation.

- **Speak Life:** The sound of God's Word is powerful. Speak life into your situations. Declaring God's prevailing word over your life creates an atmosphere that attracts unprecedented miracles and breakthroughs.
- **Practice Discerning the Sound:** Be aware of the sounds you allow to influence you. Train your ear to recognize the sound of dimensions, the sound of the Spirit, and reject the sounds of unbelief, fear, and negativity.

You must also be intentional about the sounds you allow into your life. Just as the wrong sound can hinder the miraculous, the right sound has the power to usher in the supernatural and bring about the impossible.

It is important you know, that the miracle, the supernatural is often on the other side of the sound we allow. Let the sound of Yahweh

dominate your environment, and watch as God moves in powerful ways.

CHAPTER THREE

THE LANGUAGE OF GOD IN CREATION

“Let there be light” Genesis 1:3

God wasn't speaking in human tongues like English, Greek, or Hebrew. His words were vibrations, spiritual sounds that transcended earthly languages. These vibrations carried creative energy, commanding unseen realities to manifest physically. In this context, sound becomes more than communication, it is a frequency of creation. Every divine command, like *“Let there be light”* or *“Wake up!”*, releases vibrations that influence spiritual realms.

In John 11:33-38, as Jesus approached Lazarus's tomb, He groaned deeply in His spirit. This groaning was not mere human emotion but a language of the spirit, an ancient, eternal communication that accesses the glory of God.

Groaning is a form of spiritual frequency:

- It bypasses human intellect, touching the depths of God's power.
- It activates unseen dimensions, opening portals for the miraculous.
- It aligns with Romans 8:26 *"The Spirit itself maketh intercession for us with groanings which cannot be uttered."*

When Jesus groaned, He tapped into frequencies through sound that transcended natural limits, unlocking the resurrection power needed to call Lazarus back from the dead.

Sound in the spiritual realm operates as vibration and frequency. When Jesus declared, *"Lazarus, come forth!"* John 11:43, He was releasing vibrations that penetrated the realm of death, commanding life to return. This was a frequency of divine authority that creation could not resist.

Similarly, when we pray, groan, or roar, we generate spiritual frequencies that:

- Disrupt the works of darkness.
- Align with the will of God.
- Release the power of the Holy Spirit to manifest divine outcomes.

To access and operate in the realm of sound, alignment with the Holy Spirit is crucial.

Tongues are sounds of ascension, not just prayer. I have prayed in tongues for over 30 years of my life. My faith developed strongly. I prayed in tongues to a point, where I broke out of the language of tongues. I entered into the dimensions of tongues, diversities of tongues, unlocking realms, and access to tongues that control human bodies. In this realm, we don't die, all we need is to learn to stay 24 /7, 365 days in the glory. The problem is that we are out today, We are in tomorrow. We are out, we are in, This is equivalent to corruption. Jesus knew how to groan in Himself. There are certain dimensions you unlock when you retrieve and find access into yourself, into your spirit. Paul said, I put under my

body. Who is that I that is separate from his body? something is working in and through you to destroy you. Something is trying to use you to destroy you.

So Jesus groaned in Himself. You must realise that in you, there is a you. These are ancient scripts, nations and atmospheres. The world of the dead is linked with the physical dimension. This is why Jesus used a portal to bring the dead back to the body. Jesus was interacting with the nation of spirits to transport back the spirit of the dead into his physical body. There had to be an interconnection between the spirit world back into the body. He wasn't focusing on the dead body, He was engaging realms and dimensions through the medium of sound. He was confident enough to ask where did you lay him because he had opened the portal. He knew Lazarus was already traveling back into the body. When Jesus said Father thank you for you have heard me, take note it wasn't just a mere statement but an entry point into the dimension of groaning. He

ascended into the dimension of the Father's bosom. There, He interacted with the Father, He unlocked the realms of the spirit.

*Jesus therefore again groaning in himself cometh to the grave. It was a cave, and a stone lay upon it. Jesus said, Take ye away the stone. Martha, the sister of him that was dead, saith unto him, Lord, by this time he stinketh: for he hath been dead four days. Jesus saith unto her, Said I not unto thee, that, if thou wouldest believe, thou shouldest see the glory of God? **John 11:38-40***

At this point, sense knowledge, human intellectual knowledge came in. But Jesus' response was groaning, a transaction in the realms that no one understood, but the Father. I thank you Father. At what point was Lazarus restored back to his body? The point of the groaning. Lazarus, come forth, was the physical manifestation of the spiritual transaction.

CHAPTER FOUR

THE REALM OF HIS VOICE

In the Bible, sound often symbolizes the power of God, His voice spoke the world into existence, shook mountains, and raised the dead. The voice of God is the highest authority in all of creation. It is the force that births worlds, judges nations, raises the dead, and activates destinies. The realm of His voice is the realm of dominion, revelation, and transformation. Every time God speaks, something is created, shifted, shaken, or established. It is a force that brings order out of chaos. When God speaks, darkness gives way to light, formlessness gives way to structure, and voids are filled with substance. His voice does not give suggestions, it establishes realities.

THE PHYSICAL NATURE OF SOUND

Sound is a mechanical wave produced by vibrating particles in a medium (such as air, water, or solids). The relationship between the science of sound and the spiritual practice of roaring is profound. By exploring the principles of frequency, wavelength, amplitude, and speed, we can better understand how the sound we release when we roar influences the natural and spiritual realms.

1. Frequency: The Pitch of Heavenly Language

Frequency, measured in hertz (Hz), determines the pitch of a sound (how high or low it is). When we roar, we release frequencies that align with heavenly vibrations. These utterances carry spiritual "pitches" that resonate with the realms. Just as certain frequencies in nature can break glass or heal wounds (e.g., ultrasonic therapy), the spiritual frequencies in tongues disrupt spiritual

barriers and align with God's power. Each believer's prayer language may carry unique frequencies designed to dismantle specific strongholds or call forth divine intervention.

2. **Wavelength:** The Reach of Spiritual Utterances.

Wavelength refers to the distance between successive wave crests. Longer wavelengths travel farther, while shorter wavelengths are more localized. The wavelength of your roar symbolizes the spiritual "reach" of the prayer. Whether interceding for nearby needs or global issues, the Holy Spirit adjusts the reach of the sound to ensure it impacts the intended target. Praying in tongues has no physical limitation, just as sound waves in the natural can penetrate walls, spiritual utterances transcend space and time, reaching heaven's throne or distant people.

3. **Amplitude:** The Power and Intensity of roaring.

Amplitude relates to the wave's energy and determines how loud a sound appears. Higher amplitude means more power. The intensity with which we roar reflects the spiritual "amplitude" of our sound. Groanings or fervent utterances (Romans 8:26) carry more spiritual weight and impact, akin to how louder sounds carry more energy in the natural. High-amplitude prayers in tongues can break spiritual strongholds and command significant authority in the spiritual realm, much like loud sounds demand attention in the natural.

Speed: The Medium of Transmission

The speed of sound varies depending on the medium it travels through, faster in solids and liquids than in air. Unlike sound waves that slow in certain environments, spiritual utterances in tongues move instantly through the Spirit to

accomplish their purpose. The speed of tongues' effectiveness is not hindered by physical distance, time, or any earthly factor. It operates in the eternal "now" of God's timing.

Tongues as Frequency:

Speaking in new tongues creates spiritual vibrations that align with divine purposes and intentions. The specific "frequency" of your tongues prayer resonates in the spiritual realm, much like tuning into the right radio station allows clear communication.

SOUND'S INFLUENCE ON SOCIETAL EVOLUTION

From manual oral traditions to digital modern acoustics, sound has been central to societal development. In the Bible, sound carried messages of revolution, as seen when God's voice spoke to Moses on Mount Sinai (Exodus 19:19). Today, sound technologies enable global

communication, music production, and therapeutic interventions, further transforming and advancing human interaction.

Sound in smart homes enables seamless communication, enhances security, and optimizes energy efficiency. Emerging innovations like ultrasonic communication, AI-driven soundscaping, and sound energy harvesting are shaping the future. Spiritually, sound reflects the essence of life and creation, rooted in vibrations and frequencies.

In Genesis, God spoke creation into being, showing how sound is a conduit for manifesting reality. Smart homes mirror this principle by translating sound into actionable commands that transform physical environments.

In the spirit realm, sound represents authority, communication, and alignment.

So the people shouted when the priests blew with the trumpets: and it came to pass, when the people heard the sound of the trumpet, and the people shouted with a great

*shout, that the wall fell down flat, so that the people went up into the city, every man straight before him, and they took the city. **Joshua 6:20***

The use of soundscaping technologies to evoke emotions mirrors how worship, intercession, and declarations stir spiritual atmospheres, shaping human experiences and outcomes.

This integration underscores that life is inherently about sound. It is time for the church to advance through knowledge. The way into the spirit is the weakness of the body. Do you know that we've had so many pastors praying for cancers, churches praying, Lord heal cancer, oh Lord, oh Lord, oh Lord, go. The more they prayed, nothing happened. No change. You know why? There's a language. There's an ancient spiritual script in the realms. Now, the minute you capture that line, that sound, It will destroy, deplete the molecular hold of cancerous cells in an instant. It's a language. It's captured in the spirit realms! What are we doing when we release tongues? We are programming atmospheres. We are clearing the

atmosphere. Let me tell you something important, the first atmosphere that God met in Genesis chapter 1 verse 2 was an atmosphere covered by gross darkness. The earth was without form. Darkness was upon the face of the deep. And then the spirit of the Lord began to move on the face of the waters. And God said, "Let there be light." He began to change atmospheres. When we enter atmospheres, you have darkness in the atmosphere. Also you have different kinds of light.

Not every light is of God. Remember, Satan has transformed himself into an angel of light. In the atmosphere you have different doubts. You have wickedness. You have spirits, you have polluted air. You have different kinds of wind in the atmosphere. Different mixtures. These are clouds. These are frequencies. These are nations. So by the time we start praying, we ought to learn how to break through atmospheres that hinder our ascension into the realms of God. There's a sound in your spirit. Unlock the dimension to bring your family out. Break through the realms. Let loose!

Let loose! There's a code. There's a script. There's an ancient word. Release the sound. Some tongues unlock eternity, It will take you into the realms of groaning, the spirit that sponsors infirmities and disabilities. Our inability to pray the scripts of the spirit is one of the major problems of the church. The infirmity is not the disease, the infirmity is being able to come into the mysteries of God's preordination that unlocks the glory of God.

You can never receive the glory cheaply. If the glory comes cheaply, it would have come in the days of the early fathers of faith. They cried. They wept. Yet the church was struggling. Listen, there is a price for the glory. It is death. You must die and resurrect to enter the glory. If you're not ready to break and scourge to a point where the sweat coming out of your body is blood, you're joking. So we are breaking all the patterns, the strongholds that you had preconceived over the years as what prayers ought to be, yet this has been the stumbling block.

There is a new wine and you must let go of the old wine skin. The first thing we must hijack on this planet earth for the final glory of God is the atmosphere. The danger is when we have not taken over the atmosphere before we proceed to preach, you may do all you can, nothing will change.

We have more churches springing up everywhere. The more churches we have, the more people are turning into anti Christs. It means that they are not ready to do the warfare first. They want to start ministry but they don't want to go to the wilderness for 40 days and 40 nights to be tried by the devil. They don't want to labor but they want to go and perform miracles and behave like Jesus, but they don't want to be tried by the devil.

We have entered a time of separation and it will be a time of offense, a time that people are going to yield to their life problems. Do you not know that serving Jesus would cost you a lot? It

will cost you, not some things, it will cost you everything. That is why you must understand that sounds can unlock the atmospheres, unlock dimensions to convey the miraculous into a certain situation. You should be able to listen to the voice of the Spirit and pick a sound. Sometimes God will give you Aramaic language. Other times He will give you a certain spiritual language, that is the power to unlock the situation. You must pick the sound, when you pick it in the presence of others, don't allow the energy to overwhelm you.

You can just look at your child who was diagnosed with cancer for a few minutes, you enter into groaning, you don't even need Pastor John. My duty is for us to start traveling, to break the hold of death and aging process where nobody grows old anymore, where you capture your consciousness in heaven and the sound comes into your spirit. You keep hearing the sounds like, rise up, for every cancerous cell is cleared and immediately gone. You need to

pray to a point where every organ of your body can be addressed. We're going to use sounds in the spirit to address family issues. No man created kidneys. There is no factory on earth that creates kidneys. No organ of humanity came from any laboratory. The Bible says he formed the body from the dust, not from the sand. Go look at the word in Hebrew. Dust has to do with a mist. Not even with a substance. Dust, mist. He did not mold man from clay. The human body is a mystery, there are scripts, divine supernatural languages that when you speak, it will unlock your eyeballs. How come a deaf ear opened at a sound called Ephphatha?

In the church today, what do we have? A pastor is preaching, somebody is there with sign language. But if Jesus were to be there, the ears of the people will open. If we can't do anything, What are we doing?

When Jesus comes to you and sends you, no man can stop you, that is why we are pushing

you to get to that dimension. That's my job as a forerunner of the glory of God.

God is going to grant you words that will unlock the atmosphere that will battle the atmosphere of your family. I don't know what your families are going through in terms of cancers, no marriage, joblessness, issues, confusion, madness, insanity, sorrow, an accident, or people who don't reach a certain age before they die. Whatever it is that has hijacked the atmosphere of your family, there is an ancient script, a sound that God is going to give you that will go into the realms of the spirit to unlock the atmosphere of your family.

FIND THE SOUND

The time for the ascension of Elijah arrived. Actually, what took Elijah to heaven was a whirlwind. But before the ascension, there was a separation. God separated Elisha from Elijah with the chariots of fire. Now, Elisha, you have come to the end of this deal. I'm about to remove my servant. You can't cross this boundary. Elisha, stop

here. Elisha engaged the spirit realm, I'm not going anywhere. What happened to Elijah? We must reach out with fervent hunger to God. You are the same God of Elijah. You are the same God of Enoch. Lord, do it for me. The issue is that we are too weak. We don't persevere. 90% of your concept of faith is laziness. How do you pray? By lifting up the script. Find the sound! We have to correct the universe with the ancient scripts, The universe has been distorted. Remember what happened at the Tower of Babel, a division of languages. God taught me something divine:

'Inasmuch as My divine nature has immeasurable, indefinite dimensions of mercies and grace. There are some aspects of my divine nature that are unlocked and it has remained so for a long period of time, my spirit grieves. I said Lord what do you mean? He said to me that I hate it when my people desire to see my healing power on their lives, because I am their possession. Out of all my eternal agendas and

plans, I have never in the volumes of all the transcripts of my eternal will and purposes for my people, I have never in any way thought or planned for my people to be sick.

I said, "Lord, what do you mean?"

He said, "Yes, I am the Lord that heals, "but the foolishness of my people "have brought them into sickness. "So they unlock my healing virtues. But my ultimate perfect will and plan for my people is never to get sick.

Imagine if we don't get sick, would there be any reason or any purpose to unlock the healing power of God? No, It was never in His plan for you to be healed because He never planned for you to be sick. One of the worst problems that we ought to learn to avoid in Christ is judging or perceiving things through our reasoning, especially when it comes to the things of the spirit. The things of the spirit are not for the brain. We don't reason the Word of God.

We live by the Word. Hallelujah. We walk by the Word. The Word has been reasoned even before the foundation of the world. The word is real. The word is God's preordination. The word of God is eternal. His word is everlasting. His word is light unto our faith. His word is life. We receive it, and we live by it. We celebrate the word.

Sound gives you access to diverse volumes of the eternal establishments of God's mysteries. So you must open your spirit to release the unknown tongue.

*For he that speaketh in an unknown tongue speaketh not unto men, but unto God: for no man understandeth him; howbeit in the spirit he speaketh mysteries. **1 Corinthians 14:2***

We are the tribe of those who speak the mysteries of God. Welcome to access. Through sound, we receive access into the pre-establishments of Zion before the foundation of the world. God says, I'm bringing leadership within the constitution of the human tripartite being. I am bringing a government, a leadership,

a structure to your spirit and to your soul and body. There's going to be unity. There's a spiritual unity coming as your tongue, your spirit will take leadership over your soul, Your spirit will take leadership over your mind, your spirit will take leadership over your body. We take the authority of the spirit. We will begin to rule over the soul, over the body, over your mind. The Lord says there is a realignment as you are praying in tongues, there is a real adjustment happening in the spirit.

Receive the tongue of angels to align with your angels to instruct your angels accurately in the name of Jesus the Christ.

God is giving you victories. God is a God of legality. God is a God of constitutions. And He has given man the authority over the earth to rightly adjust, to re-establish, to use it, or to hand it over to another creature. Through sound, we are able to reprogram the atmosphere to conform to His eternal intentions. A revival will begin to sweep across the nations, the day you

meet Jesus face to face, He will say my son, my daughter you were part of those who caused the move of My spirit in the last days. Your tongue was part of those who opened the portals in the realms of the spirit for the glory of Jesus to prevail in the atmosphere. We are custodians of atmospheres. You push it with every strength in your spirit.

CHAPTER FIVE

THE ELIJAH SOUND

When Elijah said, there shall be no rain, he did not just prophesy and wait on the Lord to do it. When he said, there shall be rain, he did not just sit there and wait for the rain to come. Rather he went into the secret place of prayer. He went into the heavenly authority and he began to access the realms of the spirit. Elijah began to enchant the bowels of the spirit, such that can command the atmosphere to be loaded with rain, with the cloud of rain. He went into the secret place and began to groan. A few minutes later, he called his servant to check the cloud and report back to me as I am programming in the spirit. Go in the natural and observe the weather. Go and observe the cloud. You can see that the atmosphere in the days of Elijah was controlled by the sound from Elijah.

And then the servant went and looked and came back to his master Elijah saying, there is nothing yet in the cloud. Elijah said, okay, stay away. The prophet went back again and began to pray. Then he told his servant, go back and check. He began to load rain into the atmosphere. You have the authority to reprogram, to change the condition of your family. You have the authority to change the circumstances of your communities. You have the authority to bring order in the midst of chaos in your nation. Circumstances are not managed in the spirit. Circumstances are changed in the spirit. Men only manage circumstances in the natural realms. We are not natural men. We are men who can ascend into the authorities of the atmosphere and begin to program atmospheres because he that programs the atmospheres controls the happenings in the natural dimensions.

And Elijah began to pray again as he was altering the depths of the spirit. Suddenly his

servant came back and said, I can see the clouds forming. Dear saint, each time you pray, something has begun to form in the atmosphere, over your family, over your children, over your nation and provinces, over everything that concerns you. We are not just talking to the atmosphere. Things are changing. When the prophet began to pray the first time, it looked as though nothing was in the cloud. But the time came that the cloud was fully formed. Jesus says, some situations don't just go in the spirit, it takes prayer, midnight hour, some range of prayers to break the atmosphere. Take hold of the situation. Men always ought to pray. There is a sound from heaven, there is a tongue of the sound. The sound and the tongue have to come together. You ought to release the tongue of the sound in your spirit. These are frequencies. These are vibrations of the spirit. These are energies of the spirit, these are keys of the spirit, that unlock the atmosphere, that unlock the nations.

Can you hear the sound from heaven? Can you hear the sound of lightning? Can you hear the sound of many waters? Can you hear the roar of a lion? Can you hear the sound of the sun? Can you hear the sound of the lion of Judah has prevailed? Can you hear the lion has prevailed? The lion has prevailed. The lion has prevailed. For Yeshua has arrived with the voice of lightning, the voice of storms, the voice of winds. There is labor in the realms of the spirit. Will you be among those that will labor face to face with the dragon? The dragon has taken many in deception. The dragon has taken many in immorality, in lies, in dissimulation, in manipulations. But they don't know that the election of Zion cannot be compromised. God is a rewarder of those who seek him diligently.

"Nevertheless the foundation of God standeth sure, having this seal, The Lord knoweth them that are his. And, Let every one that nameth the name of Christ depart from iniquity." 2 Timothy 2:19

God cannot be compromised with. There's a war in the realms. The woman is pregnant. The woman has a throne that is being prepared. Satan will soon be cast down, so the final warfare has begun.

You see, everything we do vocally carries a wave. Some may think that it means nothing because they try to judge it with your human short-circuited mind. The human mind is a little bit of a fragment of reality. It's not even a reality. The problem is that we've tried to see all things through this little myopic human reasoning. Beyond human reasoning are dimensions of realities and truths of God. And that's why the scripture ought to guide us through this little myopic human reasoning. In the spirit realm, laughter is a wave of sound that communicates and embodies certain realities, scripts and civilizations. And that sound captures a certain reality, carries a certain dimension, a radar. So every sound you make goes into a certain reality to unlock the blessing of the sound.

You can begin to engage in these realities from today, the earlier, the better. I didn't just arrive at this level, I wasn't feeling good about the dealings. If I tell you that I got here because I felt good, I will be a liar. I looked and I saw it in the word of God, and I followed the patterns of the scriptures. Even though my body was in pain. My emotions objected to it. My reasoning doubted it, but I stayed there.

Jesus can be in your boat and that boat will sink. Storms were not afraid of the boat which Jesus was sleeping in. I know Christ in you, the hope of glory. I don't doubt that Christ is in you but Jesus was in the boat and dangerous storms came to the boat of Jesus. You were told that If Jesus is in you, you're safe. They're lying to you. Somebody ought to stand up in the boat that Jesus was in to address the storm. Addressing the storm is your responsibility and storms are addressed from the realm of sound. Grace will not calm the storm. Jesus said if you have faith as little as a grain of a

mustard seed, you should say to this mountain.
You have to say to the mountain.

*And Jesus said unto them, Because of your unbelief: for verily I say unto you, If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you. **Matthew 17:20***

The Bible says in **Romans 12:3** *"For I say, through the grace given unto me, to every man that is among you, not to think of himself more highly than he ought to think; but to think soberly, according as God hath dealt to every man the measure of faith."*

What do you have faith for? How are you using this gracious gift of faith to move the mountains in your life? Prayer goes beyond mere words. From the perspective of the Spirit, prayer is an exercise of faith, it is the application of the mystical keys of divine dimensions to unlock God's promises and establish His ordinances for creation.

So Christ can be present and completely inactive if you are not prayerful. That's why Christ can be

with you and you still die. Christ can promise you heaven on earth and you still die because the promises are worked by the principles of zion. Remember, the twelve came and said, "Wake up." I thought that if Christ was with them, everything would be answered. Peter, James, John, all the twelve approached Him to wake up. The same Jesus that said pray that you don't fall into temptation, I am with you, I am the way, also wants you to know that your prayer will activate Him. He is saying I carry depths. I am eternal. Let me give you a picture of who we are dealing with.

*"In the beginning was the Word, and the Word was with God, and the Word was God." **John 1:1***

Jesus is saying 'the depths of my eternity are inextricable. So the more you delve into prayer, the more you behold my glory.

The warfare is not a warfare with flesh and blood. It's going to be a warfare with principalities, powers, rulers of darkness and spiritual

wickedness in the heavenly dimensions. These creatures occupy spiritual dimensions. Your enemies are invisible. Your enemies that afflict you with cancers, divorce, create confusion between you and your spouse, afflict your finances, afflict your prayer life and connectivity with zion. They are invisible and their habitations are invisible. The Bible calls them principalities, powers, rulers of darkness, and spiritual wickedness in dimensions beyond the earth.

If God could say that you are in a wrestle, you are in a fight, you are in a combat, you are in a warfare with spiritual entities and creatures. The question would be, why do you think you are natural? Why do you think you are a body? Why do you think that you are just bones covered with flesh that lives on this earthen vessel? You are a spirit higher than other spirits, save the Holy Spirit. But the challenge is we often live in the consciousness of this fallen nature. Satan has lied to us for so long. You must understand that you

are not your mistakes. Break out of the guilt of your past.

Break out of the seductions of the devil. Rise above the accusation and the lies of the devil and set your feet on the pinnacle of the victory that Jesus has gained, achieved and paid for on the cross of Calvary.

You are not alone. You are not a natural man. Ecclesia is breaking out of the flesh realm. Because what makes you a natural man is when a person lives in the consciousness of the flesh. Flesh came out of the animal skin that God took from the garden of Eden and clothed the man. Through and by the ministry of transformation, we will lose flesh and blood, and assume our rightful body that was lost in the Eden of God. It is called transformation, It is not rapture. It's a transformation that we will use. It's the ministry of transformation that will unlock, activate, access the door, that ancient gate into our body which sin removed from us. Sin consciousness removed

this beautiful garment. This was the garment of God, the garment of glory, This was a garment from heaven falling down. Do you know that man in the garden was the only creature amongst all of God's creations, Elohim's, angels of different ranks, gods in the different galaxies and the nations, man was the only creature who had fellowship with God.

In every cool of the evening, the Lord leaves His habitation and comes to dwell with man. God who rules in the council of Elohims, He sits there as the ruler. However when it comes to man, He comes to interact and fellowship with man.

How have you confused your identity with natural consciousness? There is a restoration happening in the body of Christ. Your identity in Christ has been restored by the power of the Holy Ghost. Why are you afraid? God loves you with an everlasting love. In fact, the declaration of His intention for the creation of man is a powerful

glimpse into the finest expression of God's infinite love for mankind.

“And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.

So God created man in his own image, in the image of God created he him; male and female created he them.

*And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.” **Genesis 1:26-28***

Now, we are in a warfare to get back our place of dominion. Jesus has paid the price of our guilt. He has paid the price of our inabilities. He has paid the price that disconnected us from God. So, the issue is how to come to the throne of mercy to lay hold of our identity and calling in eternity.

When we come to the courtroom of heaven, we come to receive back the scroll of our calling. We are the image of the visibility of an invisible God. We are the reflectors. We are the carriers of the essence of God to every creature in the heavenlies, on earth and beneath the earth. Satan knows you more than you know yourself.

When the fire of the Holy Ghost begins to increase in a man's body, everything that is not of God begins to burn. I don't look for healing, rather I look for the fire that beautifies a man. Babies look for healing. My focus is not to heal the sick but to release the sound of creation, the sound makes all things new. We just release and dwell in the glory of God.

THE SOUND OF WARFARE, CONQUEST, AND ABUNDANCE:

Throughout the ages, the realm of sound has been a divine instrument for warfare, conquest, and abundance. In the dimensions of the Spirit,

sound is not just vibration, it is a conduit for supernatural intervention. When God releases a sound, systems shift, economies transform, and territories are subdued. Sound is the vehicle of divine traffic, carrying the movements of heaven into the affairs of men.

One of the greatest mysteries of the kingdom is that sound has the capacity to provoke sudden turnarounds. Nations can be delivered, destinies realigned, and famine overturned when the frequency of heaven collides with the earth. It was the sound of God that created the heavens and the earth and it is still the sound of God that births abundance, breakthrough, and dominion today.

The Scripture reveals how sound altered the economy of Samaria, breaking the cycle of famine and ushering in supernatural prosperity.

In 2 Kings 7, Samaria was under a severe famine due to a siege by the Syrian army. The economic situation was dire, people were eating donkey

heads and even resorting to cannibalism (2 Kings 6:25-29). The realm of scarcity had overtaken the land, and without divine intervention, Samaria was doomed.

However, Elisha, the prophet of God, heard a different sound. He declared:

"Thus saith the Lord, Tomorrow about this time shall a measure of fine flour be sold for a shekel, and two measures of barley for a shekel, in the gate of Samaria." 2 Kings 7:1

What Elisha heard was not visible in the natural, but it was real in the Spirit. The sound of abundance had already been released, but the natural realm had not yet caught up.

That night, four lepers at the gate of the city decided to move. They had nothing to lose, so they walked toward the camp of the Syrians, but as they moved, heaven activated a supernatural sound.

"For the Lord had caused the army of the Syrians to hear the noise of chariots and the noise of horses—the noise of a great army; so they said to one another, 'Look, the king of

Israel has hired against us the kings of the Hittites and the kings of the Egyptians to attack us!" So they arose and fled at twilight, and left the camp intact their tents, their horses, and their donkeys and they fled for their lives." 2 Kings 7:6-7

What happened here? God superimposed a heavenly frequency over the natural realm. The Syrians heard a sound from the spirit realm, and it was so terrifying that they abandoned their entire wealth and fled.

This is the power of sound! A divine sound can cause an entire economy to shift overnight. What was once a place of famine became a place of abundance because the sound of warfare had gone forth.

The relationship between sound and abundance is further reinforced in the story of Elijah and the rain. In 1 Kings 18:41, after years of drought, Elijah proclaimed:

"There is a sound of abundance of rain."

At the time, there was no visible sign of rain. The sky was still clear, the land was still dry, but Elijah had tapped into the frequency of divine provision. He heard a sound in the Spirit before it manifested in the natural.

This is how kingdom wealth operates, before a physical manifestation of provision, there must first be a spiritual download of divine sound.

Elijah did not wait for the clouds to gather before speaking. He heard the sound first, then prayed it into manifestation.

We are in a season of divine shifting. The frequency of abundance is being released, but only those who discern the sound will walk in it. The Syrians fled not because of swords, but because they heard something.

What is heaven saying over your life? What sound is vibrating in your spirit?

There is a sound of abundance over you. There is a sound of conquest over your destiny. There is a sound of breakthrough moving through the nations.

CHAPTER SIX

ANGELS AND SOUND

True ministers have angels that they work with in the realms of the spirit. They have come into communion with custodians of different dimensions, gatekeepers of God's scrolls, God's eternal plans and purposes. That's why an angel will blow a trumpet and suddenly, the mysteries of God are unveiled. The different voices of angels, the voice of a trumpet, the voice of multiple sounds, the scroll would open. The second angel would sound the trumpet and something would open. These are keepers of God's plans and purposes.

Men of God ought to come into unity with their angels. May you receive the voice of your angel. You have an angel, you must speak with the voice and tongue of your angel and communicate with your angels.

God wants to show you your angels. It is time to war effectively in the realms of God. God wants you to come into alignment with your spirit angels who will partner with you to break the chains of limitations in your life. There is a breaking forth coming. The sons of God are rising into the realms of victories. When Peter was arrested and they were preparing to kill him the next day, the church prayed for him. They continued praying until Peter knocked at the door. The vibrations of their prayer unlocked the dimensions of the angels to the point that the angel appeared, traveled through that frequency of the vibrations of their voice to manifest himself on earth and took on a human body, and broke the chains and the gate of the city and took Peter by hand and brought him out of the prison cell.

You must travail in the spirit and push until your angels would take on the atmosphere of your smoke or prayers to take on a body in the form and reveal himself to you. Don't you know that if you want to capture spirits, create a smoke, just

blow a smoke. If there's anything invisible around it, you will see the shape. In the realms of God, you pray and give birth to your realities, "If the church had not prayed and remained consistent in prayer, Peter would have been beheaded. Prayerlessness is a problem. Prayerlessness can be a stumbling block. Prayerlessness can short-circuit, and can reduce the potency of the spirit.

I remember when I was involved in an accident, we were transported by the angelic force. I saw the angels at the front of my car, and I stopped, and he came out, and stood by my glass. He looked at me, and he made a comment. He said, "You know me?" I said, "Yes." He said, "I'm here for you until help comes." I said, "Yes." The police took almost 20 -30 minutes to arrive. This man didn't say another word. By the time the police and the ambulance arrived, he got into his car and the car disappeared.

Jesus went up in a twinkling of an eye. The angel of the Lord, your angels want to appear to you but you must be in the state to summon the appearance of angelic creatures.

Paul, as powerful as he was, had shipwreck twice. Twice he was lost in the deep, meaning he drowned in the middle of an ocean, but he didn't tell us how he came out. The truth is he came out supernaturally, teleported to where he was supposed to go, I love to describe it this way, he knew how to depart from his body at will. The problem we have today is that we don't know how to separate from the body. Many may call this witchcraft but witches know about this. What did Satan do to Jesus? He simply opened the scriptures and picked one, twisted it, took him to a pinnacle of the mountains, showed him and said jump from here for it is written.

That's what witches do. They look into what God does and what we can do, then they pervert it. In fact, do you want to know what you can do

much more? Look at what witches can do. Witches operate through sound. I am not glorifying darkness but I want you to know how they are using your arsenals against you.

Paul knew how to separate his soul from the body and travel into the realms beyond here. Do you know that a man can condition his spirit to a point where you can come out at any given time. You dont wait till night when the body goes into slumber.

We will not die like men, We are in charge. We must have the ability to release different voices. Some are voices or the tongue of trumpets. Some are lions. Some are strings, some are the tongue of intercession. All of us need angelic empowerment, abilities, we need to start interacting with creatures beyond here. They are our friends. Angels were created for us as a matter of truth. The Bible says in the last days we will judge the angels. They are our servants.

In the name of Jesus, receive the voice of your angels. I command your ears to open to hear the tongue, the voice, the sound of your angels in the name of Jesus, the Christ.

The sound comes with fire. Fire has one mission, which is to burn. So, if you don't want to burn, forget it. The final move of God is the passage through the coals of fire. He will consume your sense of reasoning so that His fullness can fill you up.

*“I indeed baptize you with water unto repentance: but he that cometh after me is mightier than I, whose shoes I am not worthy to bear: he shall baptize you with the Holy Ghost, and with fire.” **Matthew 3:11***

This is the fire that beautifies a man, the fire that purges a man. Don't worry. You might be struggling with sexual urges, keep pressing into God, fire will kill that inordinate urge.

Religion says run away from sin. If you're still running, it means you're alive. A dead man does not run, dead men are dead to sin. The pleasure

is in His presence. Tell me one man or woman that has ever been satisfied. The more they have sex, the truth is the more they indulge, they keep looking for more. That's why a man can jump from woman to woman, because he's looking for something more, the truth is that who you're looking for is Jesus.

When we cry, we are provoking dimensions. We're provoking realms. That's why I don't want to work with spiritual civilians. I am not running a church. It is a place where angels have been positioned to cry with the voice of the lion, to roar and provoke the atmosphere.

CHAPTER SEVEN

THE POWER OF ATMOSPHERES

Atmospheres are so important, that is why you must have the gift of discernment to discern atmospheres. When you step into any place, be it an office, wherever you are, the first thing you ought to do is to discern the atmosphere.

Many years ago, I came to this realization, that not many christians have come to identify with the nation of God, so that they can hear the word of the Lord, and ascend into the realms of God to hear directly from the Lord. God has a voice just as you can speak, God speaks. Do not be satisfied with hearing impressions. We have entered a time that God is now speaking audibly to His people. He has moved away from that whole impression because the majority of the time, when people have impressions, they're hearing themselves, they're hearing their

insecurities. They are hearing their doubts. They are hearing their human intellectual prowess.

They are not hearing God. I know of some people who told me, "I heard God. By the time you look into what they said, one, two, three, four things they said were all lies. Then we ought to sit down and ask ourselves, what is wrong? Yet these people easily move on and don't care. Instead of weeping and kneeling down and saying, Father, I missed it here.

Why? I tell you why, because sometimes when we think we're hearing God, we're hearing ourselves. The atmosphere is so controlled, so, so, monopolized, so infiltrated that in that atmosphere is a radar that carries your guilt, your fears, your human intelligence. Do you know that ninety percent of christians actually think God speaks to them when they process and receive notions and impressions through their human intelligence? You're a human, you're an intelligent creature. You can look at things and

have impressions. You can look at circumstances and have a knowing.

So they've written books and they told you that some impressions can be of God and that you can discern these. Then you begin to walk in that direction without knowing that you are being misguided. In these last days, we are going to pray to a point where we have the voice of the father that sounds independently loud in our heart, ' My son, my daughter, I am the Lord, the ancient one'. And you are hearing that voice clear, not something in your head. You will hear the voice of an angel. Somebody will come as an angel and begin to talk face to face with you.

The voice of God comes audibly and clearly. How do we do that? We will begin to unlock the atmosphere through the tongues of the Spirit. Understanding how to encode, how to code, how to deploy, how to deprogram, how to program, how to clear the hindrances that stop a

man from accessing the clarity of the voice of God.

I'm afraid to walk with men who are driven by their sensual spirit. The only fear I have is men who are not stable. If things can trouble you, you are not ready. I have only one trouble- that is take Jesus away from me and I will die. Take Jesus away from me. I'm dead. You can take my ministry, take my money, take everything, dent my reputation. accuse me of everything. As long as I can kneel down and I call on God and heaven opens and I can be in the glory and in the presence of the Lord. That is the greatest miracle any man can ever have.

Don't you ever replace it with anything else in the world. If you know that God is unlocking something in your spirit. Always look into your spirit and pick a sound. God is going to drop in your spirit, in your belly, a sound. You are going to stay on that sound for some time. Why are you on that sound? That sound is needed to unlock

possibilities, the realms of God. When that sound continues in your mouth, the atmosphere begins to unblock the heavenly dimensions, begins to descend to you through the mysteries of appearance, and the energies of the spirit will envelope and engulf your entire consciousness. While you are traveling on that ancient word, the spiritual dimensions will begin to permeate to conquer the diversities, the interfaced atmospheres of the human consciousness. It will have to break through your doubts. It will have to break and tear the restrictions of your sensual consciousness, your mind, your thoughts, your guilt, your resentment, your strife, the weight of sin. It will begin to break them. That sound is now what will create the atmosphere of the cloud of witnesses.

That word will clear, and then build what I call the fence. There is going to be a spiritual fence, because once you're in that place, covered in that dimension, the light of the Spirit of God will envelop you, so that no contrary atmospheres will

break the walls. In that light, Jesus will appear. In that light, angels will come. In that light, the scripts of God concerning your existence will be released. And then all of these things will be transported into your spirit. Before now we didn't know how to unlock the spiritual dimensions. We don't know how to stay there for a long time.

SWITCHING TONGUES

We don't know how to breakthrough, because sometimes your tongues are not acknowledged in the realms of God because you don't know what tongues are for. There are times you need to switch off from the prayer tongue into the tongues of the dimensions and ascension. Oftentimes, you pray in tongues because you are told that if you pray in tongues you are in communication with God but that communication is not dual. You don't hear from God. You only pray what you don't even understand. Yet the Bible says some people were given the gift of interpretation. Now, let me show

you something about the nine gifts of the Holy Spirit. The nine gifts of the Spirit are for carnal believers. How do I know? Because the nine gifts of the Spirit were for the church in Corinth and the church in Corinth were known for their carnality. They never grew. They never ascended. They never aspired to get into the realms where the gifts are stored because you don't need a gift to access the wisdom of God. You don't need a gift to access the knowledge of God. You don't need the medium. You don't need a mediator called a gift to have access to the miraculous. You don't need a mediator called a gift to have access to the interpretation of tongues but because of their incapacitation, because they were incapacitated in the realms of God. Somebody was given a gift to interpret tongues. Some were given diverse tongues. They were not ready to dive into the fullness of God, when you step into the fullness of God, you step into His wisdom. You begin to walk in the wisdom of God. You begin to walk in the knowledge of God. You

begin to function in the miraculous because you are in the fullness where there is no hindrance. There is no limitation but you know what? We don't seek the fullness of God. We always seek the gifts, the gifted have destroyed the church. The gifted have become the Pharisees of our time because the glory and the attention, the fame, the money and the influence that the gifted carry has corrupted the position. They have made a monarchy from the gifts of the Spirit. Yet the gift is for you to teach others. We all must access the fullness of the wisdom of God. And if we are not ready to do away with the gifts, how can we move on to perfection?

I cry out. I weep every day. Who can hear me? Who can hear my voice? It is he that hears my heart. It is he that goes home and tears in the secret place and goes under his blanket. As a father, the days are gone where we preach to impress you. We are here to tell you that it is time to salvage our world. It is time to establish the kingdom. It is time to move in power. If we don't

do something, the devil will continue to control the world's systems. It is not going to be theological logic. We are done with theological logics. We are done with theological reasoning, good preachings. We are done with it. These are the days of kingdom, power, and glory. And if it's not glory, if it's not power, if it is not supernatural, then it is logic. I don't care how beautiful it sounds. I don't care how professional it sounds. I don't care how beautiful the stage and the voices and the intellectual presentation and the capacity to accurately speak English. The time is going to come when a ten year young child will stand on this pulpit as a father. You have no idea what is happening. God has shown me about four kids that are already in heaven, being prepared. God is catching them up in the realms, they will say things that they have never read in the Bible. We live from a dimension. We don't live from here to a dimension. We don't live from earth to heaven. We live from heaven to earth. We function from the spiritual realm to the

physical dimensions. I'm not talking about religion here. Listen, the realms of God are real.

If we understand the place of sound in the realms, then all of us should be raising the dead. All of us should be opening the ears of a deaf man. All of us can cast out demons. The problem is you are reading into the Bible because you already have preconceptions. You have a pre-knowledge that some kind of preacher has told you. So, while you're reading the scriptures, you have a pre-notion toward the scriptures. So, you have never allowed the Bible to interpret itself. So, you go with that stronghold, you pre-read the Bible. And this is where the error has come from.

PRINCIPLE OF SEPARATION

Before every significant move of God, there is always a moment of separation. Separation is not isolation; it is divine positioning for higher

encounters. The realm of sound is a realm of precision, and only those who are properly aligned can access it.

Jesus demonstrated this principle when He healed a deaf man

“And he took him aside from the multitude, and put his fingers into his ears, and he spit, and touched his tongue; and looking up to heaven, he sighed, and saith unto him, Ephphatha, that is, Be opened.” Mark 7:33-34

Before Jesus released the supernatural sound “Ephphatha”, He first separated the man from the multitude. Why? Because not every environment is conducive for divine encounters.

Many believers today struggle to experience the supernatural because they remain entangled in the noise of the crowd. The crowd represents:

- Distractions – competing voices that drown out the frequency of heaven.

- Doubt and unbelief – negative atmospheres that resist supernatural breakthroughs.
- Familiarity – an environment that does not honor the move of God.

For sound to be effective, there must be separation, a shifting away from noise into a space where divine frequency is clear.

Jesus understood the mystery of separation. Throughout His ministry, He repeatedly withdrew from the multitude to function at a higher realm.

1. Separation for Divine Alignment

*“And when he had sent the multitudes away, he went up into a mountain apart to pray: and when the evening was come, he was there alone.” **Matthew 14:23***

Before great manifestations, Jesus always separated Himself to align with the Father's frequency. He did not move based on human expectation; He moved based on divine timing.

2. Separation for the Release of Power

In Mark 5:40-42, when Jesus raised Jairus' daughter from the dead, He put the unbelievers out of the room before speaking life into her:

*"And they laughed him to scorn. But when he had put them all out, he taketh the father and the mother of the damsel, and them that were with him, and entereth in where the damsel was lying. And he took the damsel by the hand, and said unto her, Talitha cumi; which is, being interpreted, Damsel, I say unto thee, arise." **Mark 5:40-41***

Why did He remove them? Because sound requires an atmosphere. Faith cannot function in an environment contaminated by doubt. The right sound needs the right space.

ACCESSING THE RIGHT FREQUENCY

After separating the deaf man from the crowd, Jesus *looked up to heaven* before releasing the sound "Ephphatha."

It was a spiritual posture of accessing the realm for alignment with the Father, Jesus only did what

He saw the Father doing. In tuning into the right frequency, you must understand that spiritual realities are activated by revelation, not routine.

Every major breakthrough in Scripture was preceded by an act of looking up:

- Jesus looked up before multiplying the loaves and fishes (Matthew 14:19).
- Jesus looked up before raising Lazarus from the dead (John 11:41).
- Jesus looked up before healing the blind man (Mark 6:41).

Looking up is a spiritual principle, it means disengaging from earthly limitations. We are to function from heavenly dimension to the earth and not the other way round

Jesus did not speak in Hebrew, Greek, or Aramaic. He spoke a sound that transcended human language, a vibration that controls dimensions.

This is the mystery of sound: it is not about volume but about spiritual resonance. When Jesus spoke “*Ephphatha!*”, the deaf ears and tied tongue had no choice but to obey.

If we are to function in the realm of sound, we must embrace separation in the following ways:

1. Separate Yourself from the Noise

Many people desire a supernatural life but remain entangled in atmospheres that choke divine movement. To hear clearly and release effective sound:

- Withdraw from negative environments that kill faith.
- Avoid doubt-filled conversations that weaken spiritual authority.
- Cultivate a habit of personal retreat to realign with God's voice.

2. Separate Your Sound from Empty Words

The supernatural is not activated by mere talking but by the right sound. Many prayers go unanswered because they lack divine frequency. Jesus did not speak much—He simply said “*Ephphatha!*”, and creation responded.

Saints must learn to:

- Speak words backed by revelation
- Release sounds inspired by the Spirit
- Avoid vain repetitions that carry no weight

3. Separate Yourself in Worship and Prayer

Deep spiritual encounters do not happen in casual settings. The greatest breakthroughs come when:

- Groanings, roaring, and travailing prayers unlock divine realities.
- Songs of ascension shifts the atmosphere and summons angelic movement.
- Silent meditation fine-tunes the spirit to hear divine frequencies.

We are in the days when the sons of God must function in the realm of sound. The days of ordinary speech and powerless prayers are over. When you need a shift, do not stay in the crowd, withdraw and seek God.

When you need an open door, do not just make noise, release the right sound.

When you need divine intervention, do not operate from logic, align with heaven's frequency.

Now, lift up your voice and declare:

“ Ephphatha!” – Be Opened!

ANCIENT SCRIPT AND MYSTIC SOUND

Deep within the spirit realm lies a language beyond human comprehension, an ancient script inscribed before the foundation of the world.

These are the sounds of the spirit, divine utterances that hold mysteries of creation and unlock the supernatural. They are echoes of

pre-creation, eternal scripts written before time began. These are sacred codes that transcend earthly tongues, carrying the very essence of God's spoken mysteries.

*"In the beginning was the Word, and the Word was with God, and the Word was God." **John 1:1***

Whenever you engage the sounds of the spirit, the atmosphere will shift, realms will align, and dimensions will open. Your spirit must search out these divine inscriptions, give them expression, and release them into the earth.

A sound is rising from within you. It is not of human origin but a heavenly frequency that calls forth the miraculous. They are activations, commands that break barriers and open realms. This is where many miss it. The supernatural is not just about words but about unlocking ancient frequencies that govern the unseen realm. Some languages are not merely spoken; they are encoded with power, capable of opening doors in the spiritual and natural world.

God is revealing forgotten tongues, extinct languages that existed before creation. These scripts were inscribed in the heavenly realms, stored in zion before the foundations of the earth. They are the codes that will shape your reality, the keys that unlock dimensions and release the supernatural.

Each of these divine words, these mysterious scripts, are living frequencies, portals of creation. The supernatural is encoded in them, and when spoken with revelation, they manifest the unseen into the seen.

ACTIVATION

Close your eyes. Shut out the distractions. You are not on earth to observe, you are here to engage, because creation awaits your manifestation. You do not go to a restaurant to watch people eat; you go to eat. You do not go to the house of God to spectate, rather to speak the language of the spirit and unlock realms.

Lift up your voice! Release the sound! Speak the ancient words written in your spirit.

Right there as you are studying this material, The scrolls are opening. Realms are shifting. The atmosphere is responding. A new tongue is forming within you, speak it, release it, and watch the power of God break forth.

DANIEL: THE DECODING OF MYSTICAL MESSAGES

*"And this is the inscription that was written: Mené, Mené, Tekel, Upharsin. This is the interpretation of each word: Mené: God has numbered your kingdom, and finished it; Tekel: You have been weighed in the balances, and found wanting; Peres: Your kingdom has been divided and given to the Medes and Persians." **Daniel 5:25-28 (NKJV)***

Many believers today are trapped in a single-layered reality, confined by earthly languages that cannot fully grasp or transmit the depth of God's mysteries. Language is a gateway to realms and dimensions.

When God speaks, He does not limit Himself to the corruptible languages of men. Before the fall of man, language was pure, divine, and carried supernatural power. But after sin entered, the ability to perceive and engage with the divine was fractured. That is why, throughout Scripture, whenever God wanted to shift realms or establish decrees, He spoke in a supernatural language, one that only the spiritually enlightened could understand.

The question is What Language Are You Speaking? Are you trapped in earthly communication, or are you tapping into the ancient frequencies of the Spirit?

The story of King Belshazzar in Daniel 5 reveals a divine principle: God speaks in mysteries, and only those aligned with the Spirit can decode them.

- A supernatural hand appeared and wrote upon the wall.

- No one in the king's court, not the sorcerers, magicians, or astrologers could interpret the message.
- But Daniel, a man filled with the Spirit of God, understood and unlocked the meaning.

Key Principle

1: Not All Mysteries Are for Everyone

*"He reveals deep and secret things; He knows what is in the darkness, and light dwells with Him." **Daniel 2:22***

There are spiritual secrets that cannot be deciphered by human intelligence. They require the illumination of the Spirit of God.

2: Divine Writings Carry Authority

When God speaks in an ancient spiritual tongue, it is both a command and a decree, it is loaded with divine ability. The words on the wall sealed the fate of Babylon. Similarly, when Jesus spoke Talitha Cumi (Mark 5:41) or Ephphatha (Mark 7:34), those words were not just phrases, they were divine activations that reshaped reality.

3: Mystical Languages Are for Kingdom Governance

The sons of God must learn to operate in multi-dimensional language systems. As seen in the Book of Acts, when the Holy Spirit descended, the disciples spoke in tongues of fire, not just for worship, but as a governmental operation of the Spirit.

RETURNING TO THE LOST LANGUAGES OF POWER

What if the church has lost access to supernatural utterances? What if we have intellectualized the gospel so much that we have disconnected from divine language?

Why did Paul say, *“For he who speaks in a tongue does not speak to men but to God, for no one understands him; however, in the spirit he speaks mysteries.” (1 Corinthians 14:2)*? Why did God confuse human language at Babel (Genesis 11:6-7)? Because language carries the power to unite or divide, to activate or restrict access to realms.

Prophetic utterances and spiritual languages are returning to the body of Christ! The church is entering a season where we will:

1. Decode prophetic dreams.
2. Speak mysteries that activate the supernatural.
3. Engage in multi-dimensional spiritual warfare.
4. Govern territories through divine decrees

The era of the carnal church is over. The sons of God must rise in power, learning to speak, decree, and establish the mysteries of the kingdom!

The gateways of divine knowledge are opening!
The frequencies of Zion are vibrating once again!
The languages of the Spirit are being restored in the name of Jesus the Christ

MIGRATION FROM FIRST TONGUE TO A PERFECT MAN

There is an urgency for the church to transition from a foundational level of spiritual communication into the fullness of divine understanding. Many have settled for elementary expressions of faith, but God is calling His people to ascend into higher realms of revelation, power, and divine communication. Every season God initiates a shift, an invitation to move from one dimension to another, and now is such a time.

This transition is embodying the fullness of Christ. It is a journey from speaking mere words to releasing life through divine utterance, from surface-level faith to operating in the fullness of the knowledge of Christ. The Apostle Paul, writing to the Ephesians, outlined this growth process:

*"Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ." **Ephesians 4:13***

This will require a shift from reliance on human reasoning to a complete dependence on the Spirit of God. It is a migration from merely having faith to functioning in heaven's realities.

The language of the Spirit is a coded dimension of divine intelligence, reserved for those who have ascended into intimacy with God. Spiritual utterances unlock dimensions in the realm of the Spirit.

THE POWER OF THE PROCEEDING WORD

*"Who being the brightness of his glory, and the express image of his person, and upholding all things by the word of his power, when he had by himself purged our sins, sat down on the right hand of the Majesty on high." **Hebrews 1:3***

All things are upheld by the word of His power. Not just by the word, but by the proceeding word, the rhema of God. Jesus functioned in this reality. He performed all miracles by insight into the pre-existing word of God. He said:

*"Then said I, Lo, I come: in the volume of the book it is written of me, to do thy will, O God." **Hebrews 10:7***

When you begin to operate in the volumes of the book, understanding the words that were spoken before the foundation of the world, you begin to function in creative power. In this realm, you become the word made flesh, just as Jesus was.

Many believers assume that praying in tongues is the highest level of spiritual utterance. However, tongues are only the beginning, a gateway into deeper realms of divine communication. Paul reveals this process,

*"He that speaketh in an unknown tongue edifieth himself; but he that prophesieth edifieth the church." 1 **Corinthians 14:4***

Tongues build the believer, but prophecy (which is speaking the mind of God) builds others. There comes a time when a believer must move beyond self-edification into speaking mysteries that shape realities.

*"Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ." **Ephesians 4:13***

Observe the progression

1. Speaking in Tongues → Builds faith and spiritual capacity.
2. Knowledge of the Son of God → Opens the mind to divine realities.
3. Becoming a Perfect Man → Walking in the full expression of divine authority.
4. Attaining the Full Stature of Christ → Functioning as Christ in the earth.

This means we must move from merely praying in tongues to speaking the language of divine authority, utterances that shape atmospheres, unlock destinies, and enforce kingdom realities.

Spiritual atmospheres determine what manifests in the physical realm. This is why in Daniel, we see that the prince of Persia hindered the angelic messenger from delivering revelation to Daniel.

*"But the prince of the kingdom of Persia withstood me one and twenty days: but, lo, Michael, one of the chief princes, came to help me." **Daniel 10:13***

The reality of a nation is controlled by its atmosphere. Governments, economies, and societal shifts are first decided in the spiritual realm before manifesting in the physical.

The church must reclaim the power to govern atmospheres through spiritual utterance. I am talking about strategic decrees that align regions with the will of God.

Isaiah 55:11 states:

"So shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it."

This means that when a believer speaks from the realms of authority, creation must respond. The church must move from praying about things to decreeing from the throne room of God.

The final migration is not into Christianity but into Christ Himself. The term "Christian" was first used by unbelievers in Antioch (Acts 11:26), but Jesus never called His followers Christians, He called them sons.

We are not called to follow a religion; we are called to embody Christ on earth. The migration from first tongue to a perfect man is a journey of:

1. Moving from belief to manifestation.
2. Transitioning from faith to knowledge of divine realities.
3. Shifting from prayer into decrees that shape nations.
4. No longer just believers, but functioning as Christ in the earth.

It is time to ascend into the full measure of Christ, to walk in realms where words unlock dimensions, where utterances shift atmospheres, where we no longer just believe but we become.

Now, let the sons of God arise! This is our migration into perfection.

LANGUAGE DISTORTION IN THE SPIRIT

The time has changed! A spiritual shift has occurred, and many are unaware that they have faked the move of God, fabricated His presence, replaced divine flow with human manipulation! But hear me: My ministry is not a church. This is an assignment, and if you are reading this book now, it is because God Himself connected you to this move.

God told me, *"Those that are truly aligned will not need persuasion, they will be drawn by the Spirit"*. That is why you cannot challenge a man of God unless you were present when God spoke to him. Many want to question without understanding the dealings of God that prepared him. But I tell you, I will not obey men. I will obey only the One who sent me!

My ministry is to kill the carnal mind that seeks recognition, the fallen nature that craves visibility. Avoid visibility! Aim at the Spirit, and move swiftly as the Spirit leads. Because language is a code in the spirit, and distortion happens when minds are not aligned with heaven.

Many people misinterpret the move of God because their satan-driven mind corrupts their discernment. They see through fleshly lenses and call spirit-led actions offensive. But until you switch over to spiritual interpretation, you will remain blinded.

Jesus rebuked those who lacked faith, He called them vipers, a wicked generation! If He were a 21st-century preacher, many would have left His ministry, claiming He was too harsh. But the spirit realm operates beyond human sentiment.

A CALL FOR UNITY OF THE BODY OF CHRIST

Before language was divided, humanity spoke one tongue, one frequency, one vibration! And

through that unified speech, they accessed dimensions. Even under Nimrod, a demon-possessed ruler, they nearly penetrated heaven because of the force of unified language. Man did something so dangerous and powerful that it threatened heaven's order. God saw that nothing could stop them because they were ONE! The only way to disrupt their spiritual acceleration was language distortion. He divided their language to scatter their power!

This is why the enemy fights against spiritual unity. Because when we speak one spiritual language, we break limitations, we migrate into realms, we touch dimensions that flesh cannot! For many, language means nothing. But to those who understand spiritual laws, language is a portal. When the church regains spiritual utterances, we will see greater manifestations of the kingdom. Religion has conditioned many to see only Jesus in a limited framework, missing the depths of Christ! Paul, when writing the epistles, barely mentioned Jesus, he spoke of Christ, Christ, Christ!

Why? Because Christ is the eternal second person of the Godhead! His ministry is infinite, His influence is eternal!

If you remain in the outer court, you will only know Jesus as the Lamb who died for sin. But if you ascend into realms, you will know Christ as the eternal force, the one who existed before time!

The time has come when spiritual intelligence must be restored. We must reclaim the original Edenic tongue, the language of heaven, and rise in unity to access divine dimensions once again.

The time has come for a radical shift in the atmosphere. God is unveiling a mystery that is not just for those who are comfortable in the natural but for those who dare to ascend and align with the higher frequency of His Spirit. This is a call to the elite remnant, the ones that will dare to break through the spiritual veil. We are entering a time of power, revelation, and purpose.

I tell you, this is not just about church attendance and working in a department, we have moved from those rituals, this is about alignment! If you are connected, it's because God has orchestrated this connection, not by your efforts or desires. You didn't find me; God drew you to this assignment. And for those questioning the depth of the mandate, I say: you cannot measure a man until you know the weight of the dealings he has had with God. Before you challenge what I do, you must first understand the battles I've fought and the prayers I've sown in the secret place.

The Spirit is at work, and it is not for you to define but to yield to His leading. Many are distracted by their desire for visibility, but those who truly understand the move of God are not seeking recognition, they are seeking alignment with divine purpose.

The shift from flesh to Spirit begins with one choice: to lay down the carnal mind and to

embrace spiritual discernment. Just as Christ called out the religious in His time, so must we today rebuke the spirit of unbelief, and move with divine insight!

RECLAIMING THE EDEN BODY

When Adam fell, he lost more than just his position, he lost his spiritual covering. The body he was created with was one of immortality, made to dwell in the perfection of Eden. But when sin entered, God covered him with animal skin, a temporary garment, a corruptible covering that reflected the state of humanity.

God is making a new body for you! The Eden body is being restored, and this body is not bound by earthly limitations. It is a body designed for the realms of glory, for the new creation in Christ Jesus. As you align with His Spirit, you are transitioning from corruption to incorruption, from mortality to immortality. Hallelujah! In this hour, the battle is fought in the spirit realm through words. The enemy has set up strongholds through

distorted speech, causing confusion, division, and delay. But the church will rise with a new language, a language of power and revelation. This language will break through every barrier, tear down every stronghold, and propel us into the fullness of God's purpose. The words you speak carry weight, and when they are in alignment with divine will, they will bring heaven to earth. The words you declare today are seeds for tomorrow's harvest. When you speak by the Spirit, you are speaking the language of the Kingdom of God, and that language is unstoppable.

The earth is groaning, awaiting the manifestation of the sons of God. This is not a time for weak prayers or half-hearted faith. The earth needs a church that will speak with authority, with the language of dominion and glory. The earth is waiting for the sound that will awaken her, for the cry of the Spirit that will bring transformation.

The power of the one language that man once had is still alive today. It is within the ecclesia to speak life, to shift atmospheres, and to manifest the kingdom of God on earth. We must declare what God has spoken, and we must declare it in unity. When we do, there will be no limit to the power of our words. Nothing will be impossible.

You see, the religious mind wants to limit Jesus to His earthly ministry, Jesus as the Savior of sin. But Christ is far beyond that. He is the eternal Word, the Logos, the one who holds all things together. When we speak the language of Christ, we are not just speaking about salvation, we are declaring the fullness of His eternal glory!

To understand the fullness of Christ is to understand that He is beyond the physical, He is the eternal revelation of God. He is the power behind creation. He is the reason all things were made, and He is the one we are called to manifest. The Spirit is not just revealing Jesus the man, He is revealing Christ in you, the hope of

glory! The church is about to step into a new era, an era where words will have a weight and power beyond anything we've seen. The language of the Spirit is about to invade every dimension of society—in business, in education, in the arts, in government. The Spirit of God will move in a language of power, dominion, and authority.

The heavens are awaiting your alignment. The earth is waiting for your sound. Don't miss the moment. Speak the language of the Kingdom, and the earth will respond.

SPIRITUAL LINGUISTICS

You must know that English or language is a curse because it takes you nowhere. The essence of language is not to ask someone 'how are you'?. Language is supposed to be an ability. Language is supposed to be a key to access different realms. Languages, tongues, are supposed to access powers.

*"Life and death are in the power of the tongue" **Proverbs***
18:21

So the tongue is given to access dimensions through languages. It is not just about speaking or communicating basic needs; it is more for tapping into supernatural power and unlocking divine access through the right words.

Many of us are asking for miracles, but how did those circumstances manifest in the first place? How did the situations you want to change even come into your life? Believe me, it was a careless word you spoke years ago, a word you didn't even remember, that has manifested today, becoming your current situation, your challenges, your struggles. Words are powerful. They create realities.

The people at Babel understood something deep. They knew that one language could unlock unimaginable possibilities. They knew their language could access thoughts and realms beyond this world. The moment their language

was confused, their ability to access those realms was restricted.

That same power is still in language today. Words are the keys that unlock doors in the spirit. What are we speaking? What language are we using?

In the Upper Room, a type of divine reset happened. The Holy Spirit returned with a sound, and tongues of fire rested on each of them. The people in the Upper Room spoke in tongues, and they were given a new language, the language of the Spirit.

"And they were all filled with the Holy Ghost, and began to speak with other tongues, as the Spirit gave them utterance." Acts 2:4

Through the release of the Holy Spirit, we were restored to the language of heaven, the language of power. Just as the people at Babel had access to realms of possibility through their unified language, so do we today through the language of the Spirit.

CHAPTER EIGHT

THE TONGUE OF DOMINION: SPEAKING TO THE ELEMENTS

There is a language of dominion, a language that commands the wind, the storm, the elements. The storm that raged when Jesus and His disciples were on the boat did not care that Jesus was present. The storm didn't stop just because Jesus was there. But Jesus had the language of dominion. He spoke to the storm, and immediately, it obeyed. He said, "Peace, be still" (Mark 4:39), and the storm ceased.

The reason Jesus could do this is that He understood the language of creation. Every creature has its own language, whether it's the wind, the water, the storm, or even the human body. Just as Jesus spoke the language of the storm, we too must learn to speak the language of the earth, the body, and the elements. We

Must Download the Tongues of Creation. If we are to walk in the power God has designed for us, we need to download the tongues of creation. We need to speak the language of the wind to calm the storm, the language of the waters to calm the oceans, and the language of the body to heal our physical bodies.

We should not limit ourselves to mere earthly language. We must seek the spiritual tongues that give us access to divine realms. We need the tongue of the wind to speak to the wind. We need the tongue of the waters to speak to the waters. We need the tongue of our body to speak to our bodies.

It is time to wake up to the spiritual languages that will elevate us to higher realms. If you are not downloading the language of the spirit, you are missing out on the full power of your divine inheritance.

From today, I choose to be dissatisfied with the regular earthly communication. Seek the

language that opens doors to the power of God and unlocks dominion over the earth. It's time to speak the language of creation and walk in unprecedented authority.

MEDITATE ON THE FOLLOWING SCRIPTURES

- **Genesis 11:6** – *“And the Lord said, Behold, the people is one, and they have all one language. And this they begin to do: and now nothing will be restrained from them, which they have imagined to do.”*
- **Proverbs 18:21** – *“Death and life are in the power of the tongue: and they that love it shall eat the fruit thereof.”*
- **Acts 2:4** – *“And they were all filled with the Holy Ghost, and began to speak with other tongues, as the Spirit gave them utterance.”*
- **Mark 4:39** – *“And He arose, and rebuked the wind, and said unto the sea, Peace, be still. And the wind ceased, and there was a great calm.”*

Embrace the language of the Spirit, ascend to higher realms, and speak with the authority that comes from the very throne of God.

God has given you the tongue of the body a divine tool to communicate with every part of your being. Do you understand the power of these words? Every organ, every tissue in your body has its own language, a language that responds when activated by the right divine utterance. You might ask, how? The answer lies in speaking the language of creation, the language of the Spirit. Just as Jesus spoke to the storm, you too have the ability to speak directly to your body, your circumstances, and every created thing.

Your body, the world around you, the very elements of creation respond to spiritual tongues, languages that transcend natural speech. You have the ability to speak to your eyeballs, your kidneys, your heart and they will listen. When you speak, you activate the original language of your body, as it was designed by God to heal, function, and flourish.

Look at Elijah in 1 Kings 17:1. He was able to declare, "There will be no rain or dew except at my word." He spoke with such divine authority and in the tongue of creation, causing the heavens to obey. Elijah's words didn't come from human understanding, they were backed by the spiritual language of heaven that shaped the atmosphere, the rain, and even the hearts of kings.

Every part of your body has a divine language, waiting to be spoken. Speak to the sickness, speak to your finances, speak to your mind, and command them to align with the Word of God. Through divine language, you will see transformation in every area of your life.

But to speak this language, you must be in tune with the Spirit just as the wind obeyed Jesus because He was filled with the Holy Spirit. The same Spirit that empowered Jesus to multiply the loaves and fish, to heal the sick, to raise the

dead, is available to you. When you speak from the Spirit, you unlock infinite possibilities.

You were not created to live by the limitations of the earth, you were designed to speak life into everything around you, to heal, to restore, and to activate the infinite power of heaven.

WALKING IN YOUR INHERITANCE

If your Father is God, then you are a god. You have access to all the power, authority, and wealth that belongs to the King of Kings. If your Father reigns over the heavens and the earth, then you are not just a mere servant or visitor, you are a co-heir, co-inheriting the same glory and dominion that belongs to Jesus Himself!

The inheritance you possess is far greater than anything you could ever imagine. Your Father is the God of thunder, the God of storms and wind. He commands the very elements of creation. His nature is multi-dimensional, far beyond the understanding of man. He is the God of the

heavens, the God of the earth, and the God of all realms that are above and beyond the natural world. And because you are a son of this majestic King, all that He possesses is now yours.

You are seated in heavenly places (Ephesians 2:6), and your home is in the realm of eternity. This world, this earth, is for you to rule and subdue. You have authority not only over the physical realm but also in the second heavens, the spiritual dimension where angels and principalities dwell. The earth and its creatures are subject to your dominion, as you are God's representative on earth.

So why do we struggle? Why do we find it hard to ascend into the heavens and explore the depths of creation? Why do we shrink back from entering the galaxies, the stars, the moon, and even the sun? Don't you know that every creature in the galaxy is your Father's, and therefore, it belongs to you? The heavens, the earth, and everything in

them are not distant from you; they are part of your inheritance.

Why, then, have we allowed the enemy to take dominion over areas that are rightfully ours? The devil has no place in your atmosphere, your domain. It is time for us to awaken to our rightful place and ascend into the dimensions of glory that are available to us. This is your inheritance, a divine right to rule over all creation!

When God speaks, His words are not just for the moment; they are seeds that carry the power to transform the world. We saw this in the story of Zachariah in the book of Luke. When the prophecy of the birth of John the Baptist was given, Zachariah doubted, and as a result, his speech was silenced until the child was born. Why? Because doubt can interrupt the frequencies of God's divine will. The power of your words is immense. Your speech carries the authority of heaven, and with it, you can unlock or hinder the manifestation of God's promises.

This is why it is so important for us to align ourselves with the principles of the spirit. Many of us are still living as though we are powerless, unaware that the fullness of God's inheritance has been placed at our feet. The love of God sent Jesus to redeem us, to bring us back into the place of inheritance, where we can walk in the same authority, dominion, and power that He walks in. You are not powerless.

Wake up! It's time to reclaim your inheritance! The earth is yours to rule, the heavens are yours to explore, and every part of creation is subject to your authority. Speak into the atmosphere with confidence, knowing that you have the divine tongue to command every storm, every challenge, and every obstacle that stands before you. Your Father is the Almighty, and He has granted you the keys to unlock your full inheritance.

*"The earth is the Lord's, and the fullness thereof." **Psalm 24:1***

The sound of your inheritance is a roar of victory, a sound that shakes the very foundations of creation. It's time to awaken to the authority you have in Christ and step into the full reality of your divine inheritance. The heavens are calling you higher; the earth is waiting for you to take your place. You are an heir of the Almighty, and the inheritance He has for you is beyond measure!

Speak the sound of your inheritance. Speak it boldly. Speak it with faith. Speak it with power. And watch as the world around you responds to the divine frequency of the kingdom!

CHAPTER NINE

TAKING CHARGE OF YOUR THOUGHTS FROM THE REALM OF SOUND

Whenever your spirit is ready, and if you can open up to the sound that God releases for each season or phase of your life, you will break free from the limitations that the enemy has tried to place upon you.

There is always that time when the depth of the inner man comes alive! That is when you step into a dimension where the flesh and its limitations cannot hold you back. There is a dimension within you that is so deep, so vast, that the natural mind cannot comprehend it. It's called the inner man, the spiritual being that God has designed for His glory. In that inner man, there is a river, a glory, a life that you cannot even begin to imagine. The enemy wants to control your thoughts, your

emotions, and your will. Satan operates in the realm of your feelings, trying to sway your decisions and control your mind. But the Holy Spirit has given you the power to overcome! When the devil tries to take hold of your mind, you have the ability to break free. You are not under his control.

Listen, when the enemy cannot control your spirit, he'll attempt to manipulate you through the faculties of your soul, your emotions, your intellect, your reasoning. He'll make you question your decisions, confuse your thoughts, and try to convince you that you're not where you need to be. He'll try to distract you with problems, with pressures, with fears.

But the power of God is greater than all that! There is a sound that is about to break the power of the enemy. When you begin to speak in tongues, when you begin to declare the truth over your life, you are taking authority over your mind. You are no longer subject to the enemy's

lies. The Bible says in 2 Corinthians 10:5, "We demolish arguments and every pretension that sets itself up against the knowledge of God, and we take captive every thought to make it obedient to Christ." This is the power you have, taking your thoughts captive in the spirit!

The tongue is more than just an organ in your mouth; it is a weapon in the realm of the spirit. The sound that comes from your mouth has the power to change your thinking, to unlock doors that were once closed, and to break chains that have been holding you captive.

Many don't realize the power they have in their words. When you speak in tongues, you are releasing divine mysteries, releasing the language of heaven into the atmosphere which in turn will fine tune your thought realm. And by yielding to these workings of the spirit, you are unlocking the glory of God within you.

"In the same way, the Spirit helps us in our weakness. We do not know what we ought to pray for, but the Spirit

himself intercedes for us through wordless groans."

Romans 8:26

These groans, these utterances are divine utterances that push back the forces of darkness against your thoughts.

I want you to understand that your tongue is a mighty weapon in the spirit. The enemy trembles at the sound of your declaration, at the sound of your praise, at the sound of your tongues. You might not always understand the words, but the spirit knows. Your spirit knows. This is how you can gain control of your thoughts.

THE LAUGHTER WEAPON

When the enemy comes against you with troubles, with distractions, with doubts, how do you respond? You laugh. You laugh in the face of the devil! Why? Because laughter is a weapon of warfare.

"He that sitteth in the heavens shall laugh: the Lord shall have them in derision. Psalm 2:4

When the enemy tries to come against you, you respond with joy. You laugh because you know the victory is already yours.

Laughter is a language in the spirit, and it can change the atmosphere. When the devil tries to bring fear, you respond with joy. When he tries to intimidate you, you laugh in his face. As Nehemiah 8:10 declares, "The joy of the Lord is your strength." And that joy will break every chain and tear down every stronghold.

God is getting ready to release a glory that is latent within your spirit. There is a sound in your spirit that is about to rise up and unlock something powerful. The Bible says in 1 Corinthians 14:15

"I will pray with my spirit, but I will also pray with my understanding; I will sing with my spirit, but I will also sing with my understanding."

It's time to engage with your spirit, to release the sound that will unlock the glory of God in your life.

The glory is not going to come as a gift. It will come when you press in, when you pay the price in the spirit.

*"Make every effort to live in peace with everyone and to be holy; without holiness no one will see the Lord." **Hebrews 12:14.***

To access the glory, you must be willing to press in, to seek God with all your heart, to let go of the distractions and focus entirely on Him. The sound of your spirit is about to rise, and as it does, the atmosphere around you will shift. When you pray in tongues, when you declare the Word of God, you are engaging with the sound that carries the weight of glory. It's time for you to understand that your voice matters. The enemy wants to silence you, but you must break free from his lies.

I challenge you now! Let the sound of your spirit rise. Let the sound of your praise rise. There is a sound that is waiting to break through your belly, to break through your mind, to break through every obstacle that stands in your way.

Lift your hands, and begin to release that sound. Speak in tongues, declare the Word of God, and laugh in the face of the enemy. You are taking charge of your thoughts, your emotions, your life, from the realm of sound. And as you do, you will experience the glory of God like never before. Get ready to unlock the power, the glory, and the victory that is within you!

CONCLUSION

The power of the spoken word is a divine law that governs both the natural and supernatural worlds. In the beginning, God spoke, and everything came into existence. From the command of His mouth, the earth was formed, light was separated from darkness, and the very elements obeyed His voice. This is the same power He has imparted to you as His child.

Scripture tells us in Genesis 1:3, "And God said, 'Let there be light,' and there was light." This is the principle for us to live by today. The world was created by the sound of God's voice, and we too have the ability to shape our world with the sound of our words. Every word you release can either build or destroy, bless or curse, release life or bring death.

There is a spiritual force that accompanies your words. You are speaking either from the spirit of God or from the flesh, but whichever source you draw from will determine the impact of your words.

Here are several translations of **Matthew 12:34** to give you a broader perspective:

1. **King James Version (KJV):**

"O generation of vipers, how can ye, being evil, speak good things? for out of the abundance of the heart the mouth speaketh."

2. **New International Version (NIV):**

"You brood of vipers, how can you who are evil say anything good? For the mouth speaks what the heart is full of."

3. **English Standard Version (ESV):**

"You brood of vipers! How can you speak good, when you are evil? For out of the abundance of the heart the mouth speaks."

4. **New Living Translation (NLT):**

"You brood of snakes! How could evil men like you speak

what is good and right? For whatever is in your heart determines what you say."

5. Amplified Bible (AMP):

"You brood of vipers, how can you speak good things when you are evil? For the mouth speaks out of that which fills the heart."

6. Christian Standard Bible (CSB):

"Brood of vipers! How can you speak good things when you are evil? For the mouth speaks from the overflow of the heart."

7. Good News Translation (GNT):

"You snakes—how can you say good things when you are evil? For the mouth speaks what the heart is full of."

You see, the heart is the origin of your words, and the heart must be aligned with God's spirit for those words to carry power. There is a dimension of creative power that you must access. When you begin to declare God's promises over your life, you are tapping into the same creative power that spoke the universe into existence.

Romans 4:17 says, *"As it is written, I have made thee a father of many nations, before him whom he believed, even God, who quickeneth the dead, and calleth those things which be not as though they were."*

God calls those things that are not as though they are. This is a divine principle for us as sons of God.

When you declare healing, prosperity, favor, or victory, you are calling things into being that might not yet exist in the natural. You are speaking the word of faith, and the spirit realm responds. 2 Corinthians 4:13 says,

"We having the same spirit of faith, according as it is written, I believed, and therefore have I spoken; we also believe, and therefore speak."

The spirit of faith compels you to speak what is in your heart, knowing that what you speak aligns with God's will and has the power to manifest. One of the most powerful ways to access the supernatural realm is through the gift of speaking in tongues. Tongues is a divine language of the

spirit, and when you speak in tongues, you are engaging with the mysteries of God. 1 Corinthians 14:2 says,

Here is **1 Corinthians 14:2** in different translations:

1. **King James Version (KJV):**

"For he that speaketh in an unknown tongue speaketh not unto men, but unto God: for no man understandeth him; howbeit in the spirit he speaketh mysteries."

2. **New International Version (NIV):**

"For anyone who speaks in a tongue does not speak to people but to God. Indeed, no one understands them; they utter mysteries by the Spirit."

3. **English Standard Version (ESV):**

"For one who speaks in a tongue speaks not to men but to God; for no one understands him, but he utters mysteries in the Spirit."

4. **New Living Translation (NLT):**

"For if you have the ability to speak in tongues, you will be talking only to God, since people won't be able to understand you. You will be speaking by the power of the

Spirit, but it will all be mysterious."

5. Amplified Bible (AMP):

"For one who speaks in an [unknown] tongue does not speak to people but to God; for no one understands him or catches his meaning, but by the Spirit he speaks mysteries [secret truths, hidden things]."

6. Christian Standard Bible (CSB):

"For the person who speaks in a tongue is not speaking to people but to God, since no one understands him; he speaks mysteries in the Spirit."

7. The Message (MSG):

"If you praise him in the private language of tongues, God understands you but no one else does, for you are sharing intimacies just between you and him."

When you pray in tongues, you bypass the limitations of your understanding and allow the Holy Spirit to pray through you.

Tongues are the spiritual tool that connects you directly to the heart of God. The enemy cannot

understand it, and neither can your natural mind comprehend it. This is why speaking in tongues is one of the most powerful weapons at your disposal.

Jude 1:20(MSG) encourages us,

"But you, dear friends, carefully build yourselves up in this most holy faith by praying in the Holy Spirit,"

Praying in tongues strengthens your inner man, and it builds you up spiritually.

In those moments when you don't know what to pray or how to pray, speaking in tongues unlocks the deep things of God. The Holy Spirit prays through you with perfect understanding, and you are aligned with the will of God. Since the atmosphere around you is heavily influenced by the words you speak and you now know that words have the ability to shift the environment, whether it's in your home, your workplace, or your ministry. You must then resolve to speak words of faith that align with God's promises, knowing that

they carry the power to change the situation.
Mark 11:23 says,

"Truly I tell you, if anyone says to this mountain, 'Go, throw yourself into the sea,' and does not doubt in their heart but believes that what they say will happen, it will be done for them."

Beloved, you can speak to your mountains! Your words have the authority to command the situation to align with God's will. Don't speak from a place of fear or doubt. Instead, declare in faith that your mountain will move. Your words of faith will activate the power of God in your life.

There is no greater weapon than the Word of God. Hebrews 4:12 says,

"For the word of God is alive and active. Sharper than any double-edged sword, it penetrates even to dividing soul and spirit, joints and marrow; it judges the thoughts and attitudes of the heart."

The Word of God has the power to divide between the flesh and the spirit, to separate what is of God from what is of the enemy.

When you declare God's Word over your life, you are wielding the most powerful weapon in the universe. Ephesians 6:17 tells us to

"Take the helmet of salvation and the sword of the Spirit, which is the word of God."

The Word of God is your sword, and it cuts through every attack of the enemy.

When you speak God's Word, you are declaring divine truth that will never fail. Isaiah 55:11 says,

"So is my word that goes out from my mouth: It will not return to me empty, but will accomplish what I desire and achieve the purpose for which I sent it."

When you speak His Word, it will accomplish the purpose for which it was sent. It will not return void. So to release the power of God's Word in your life, you must align your words with heaven's will. When your words align with God's decrees, they become containers of power. God's Word is true, and His declarations are sure. The spiritual

realm responds to the Word of God, and the natural realm must yield to it.

Beloved, don't let your circumstances dictate the words you speak. Proverbs 4:23 says, "Above all else, guard your heart, for everything you do flows from it." The condition of your heart will influence the words that come out of your mouth. When you guard your heart, you ensure that only life-giving words come forth. Speak life to your situation. Speak life over your finances, your relationships, your health, and your ministry.

God's Word is like rain, it accomplishes its purpose and brings forth fruit. When you declare God's Word over your life, you are sowing seeds that will yield an abundant harvest.

The Bondservant of Christ is called by God as an Apostle of the Gospel of Sonship & immortality, a watcher of realms of glorification and redemption of the human body, a custodian of the dimensions, realms of fire, transformation, and tele-transportation; outside body experiences, visions of heaven, visions of Jesus. He carries an electrical surge of Dynamo and glory...

He is a custodian of the realms of holiness, fire, Teleportation and ascension into the heavenly places. He carries a rare anointing for expounding the scriptures in high revelation as a teacher, providing deep and exceptional insight in the Gospel of Christ and Grace as well as unusual healings, miracles and deliverance. The Lord has granted him access to this revelation for the preceding days of the emerging age of the sons of God. It is written: the earnest expectation of creation is waiting for the manifestation of the sons of God (Romans 8:19).

God has instructed the Bondservant of Christ John Anosike; to take the "Campaign Of Life" to the nations of the world! This is a vision and commission from God to lift the mantle and champion the move of The Apostolic mandate to reach all nations of the earth with the gospel of Life, Incorruption,

Immortality(death impossible) and Sonship (the long-awaited redemption of creation)! It is a 'teaching campaign' on how NOT TO DIE physically, how to exit the earth through revelation and ascension. Hence, recovering our true identity and position in Christ.
